(BY-BONNIE BURR.)

Oakland, who received me so kindly when I appeared on the stage of Ye Liberty Theater last night I wish to extend my appreciation. My little talk was generously applauded and it was like speaking to old friends.

Tonight whether I have been appreciated or am still free, I will positively appear again undisguised at Ye Liberty Theater between the acts of the sterling drama, "The Fox."

I anticipate a lively appointment this afternoon, trying conclusions with the hundreds of searches who saw me last night. Though I have them several pointers and I've studied me in my own person, I believe I can outwit them in clever disguise.

My date this afternoon is at Surf Beach Park, Alameda. Should a favorable opportunity present itself, I will join the callers. If you capture me in the surf, an extra price of \$100 in gold will be awarded to you.

Should I safely weather this exceedingly trying engagement the supreme test confronts me tomorrow night, when I will visit Ye Liberty Theater in disguise, occupying a seat among the audience.

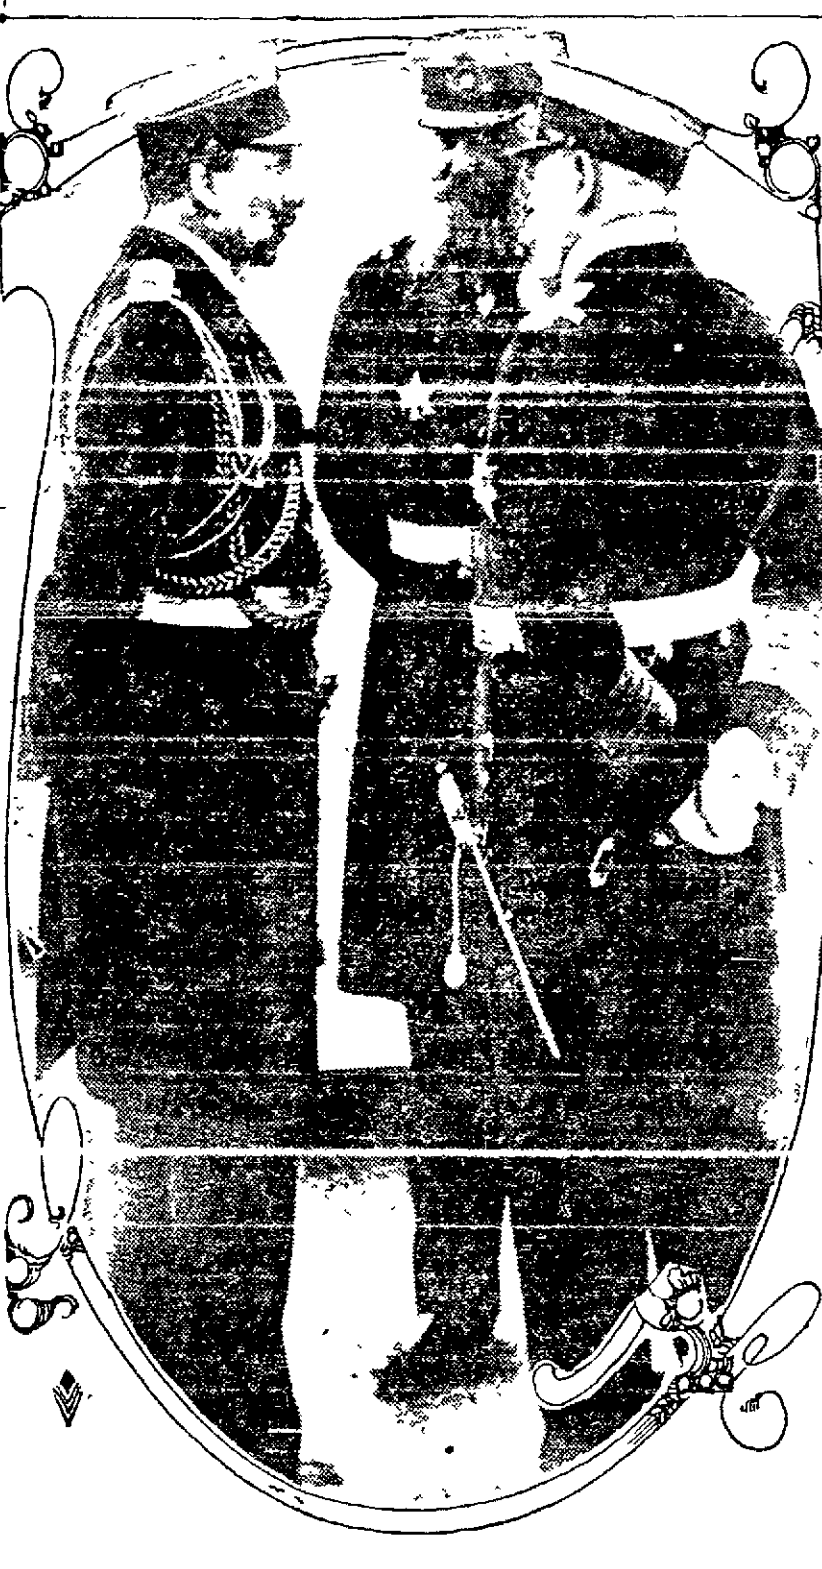

Electricity has made possible most of the really wonderful inventions of the age in which we live. For its great wonders the entire civilized world, from big captains of industry to the busy little housewife, must often offer up silent prayers of thanks, yet marvelous as are the achievements by its use, it is still logical to believe that compared to the service to which it will be put in future, inventors have only reached the experimental stage.

AGENT OF COMFORT.

The world marvels at and applauds its utility as a motive power in colossal industries, but takes less heed of its minor accomplishments. It is really astonishing to rate the humble, though quite as marvelous uses to which electricity is being put, achieving wonders in the household. Such discoveries are of the utmost importance because they add

### LIEGE BATTLE CONTINUES; ARMISTICE PLEA HELD UP

By Associated Press.

BRUSSELS, Aug. 8, via Paris.—The newspapers are assured from official sources that no decision has been reached with regard to the request of the Germans for an armistice and, moreover, that the battle at Liege is continuing.

Another report states that an armistice of two hours only was granted the Germans in order that they might collect their wounded.

PARIS, Aug. 8.—It is officially announced that the forts at Liege continue holding out. The Germans who entered the city evacuated Friday before the arrival of the Belgian division, which had come to the rescue. The evacuation was without military significance, as the forts command the routes and railroads. The withdrawal of the German troops, however, was an unquestioned moral defeat.

The operations of the Germans were based on the hypothesis of rapid success. Consequently they were organized for a quick advance, without provisioning the army. The Belgians retarded the advance for seventy-nine hours, with the result that their army was increased with troops destined to reinforce Liege.

The confidence of the Belgians has been increased by the suspension of hostilities requested by the Germans. King Albert, in an order to the Third division and the Fifteenth mixed brigade, who assisted in the heroic defense of Liege, took occasion to salute them, and the army in the

### REFUSED TO SELL ITALY'S HONOR SCORNED FRIENDSHIP OF HIS ALLIES

ROME, Aug. 8.—A statement attributed to King Victor Emmanuel, in reply to the insistence of the representatives of Germany and Austria-Hungary, to obtain the active co-operation of Italy in the attack on the Teutonic empire, has aroused much discussion in political circles here. The king of Italy is said to have burst out with the exclamation: "Neither friendship for my allies nor offers made by them, no matter how advantageous, would persuade me to sell my honor and that of my country."

Queen Helena with her children returned to the quinal today, as the king is said to be near the blue during the present crisis.

The queen was accompanied by her sister-in-law, Princess Natalie of Montenegro and her three children.

#### GERMAN CRUISERS SAIL TO ADRIATIC.

LONDON, Aug. 8, 1:13 p. m.—A telegram from Rome to the Central News says semaphores on the south coast of Italy report the German cruisers Goeben and Breslau making for the Adriatic. A request to the Austrian fleet for aid was refused on the ground that there had been no declaration of war between Austria-Hungary and Great Britain.

#### PRINCE BUELOW SURE OF SUCCESS.

BERLIN, Aug. 8, via London, 11:50 a. m.—Prince Buelow, former German Imperial Chancellor, in a patriotic appeal to the German nation made in the columns of the Hamburger Nachrichten today concludes with the striking phrase: "Even if the world be filled with devils the German people will defend and maintain its place in the sun."

#### GERMAN BALTIC FLEET.

ST. PETERSBURG, Aug. 8.—The German fleet in the Baltic sea consists of at least twelve battleships of an old type, several cruisers and 25 torpedo boats, and has its base at Koenigsberg and Danzig. Up to the present none of the vessels has come northward to Libau. An imperial ukase issued today extends the moratorium to two months.

#### PORTUGAL FOR ENGLAND.

LONDON, Aug. 8.—A dispatch to the Exchange Telegraph from Lisbon says that in the Portuguese parliament the declaration was made that Portugal would place herself unconditionally on the side of England, according to the terms of her ancient treaty. The decision was received with enthusiastic cheering for France and England. Premier Machado, in announcing the attitude of the government, said: "According to our alliance we have duties which we in no way fail to realize."

#### WOULD EXCHANGE SUBJECTS.

Francis Dyke Ackland, parliamentary under secretary of foreign affairs, today in the House of Commons proposed to suggest a measure proposed for British subjects in Germany.

O'Connor then took up the subject by asking Reginald McKenna, home secretary, to direct attention to the staff of censors, who now were overworked, and to give them assistance of trained newspapermen. The speaker would not be satisfied until the matter was settled.

### Red Cross Society Making Campaign to Secure More Coin

WASHINGTON, Aug. 8.—Everyone who contributes \$2 or more to the American Red Cross fund for relief work among the warring European nations will be enrolled as a member at large of the society for the remainder of this year and will receive the October issue of the society's magazine free.

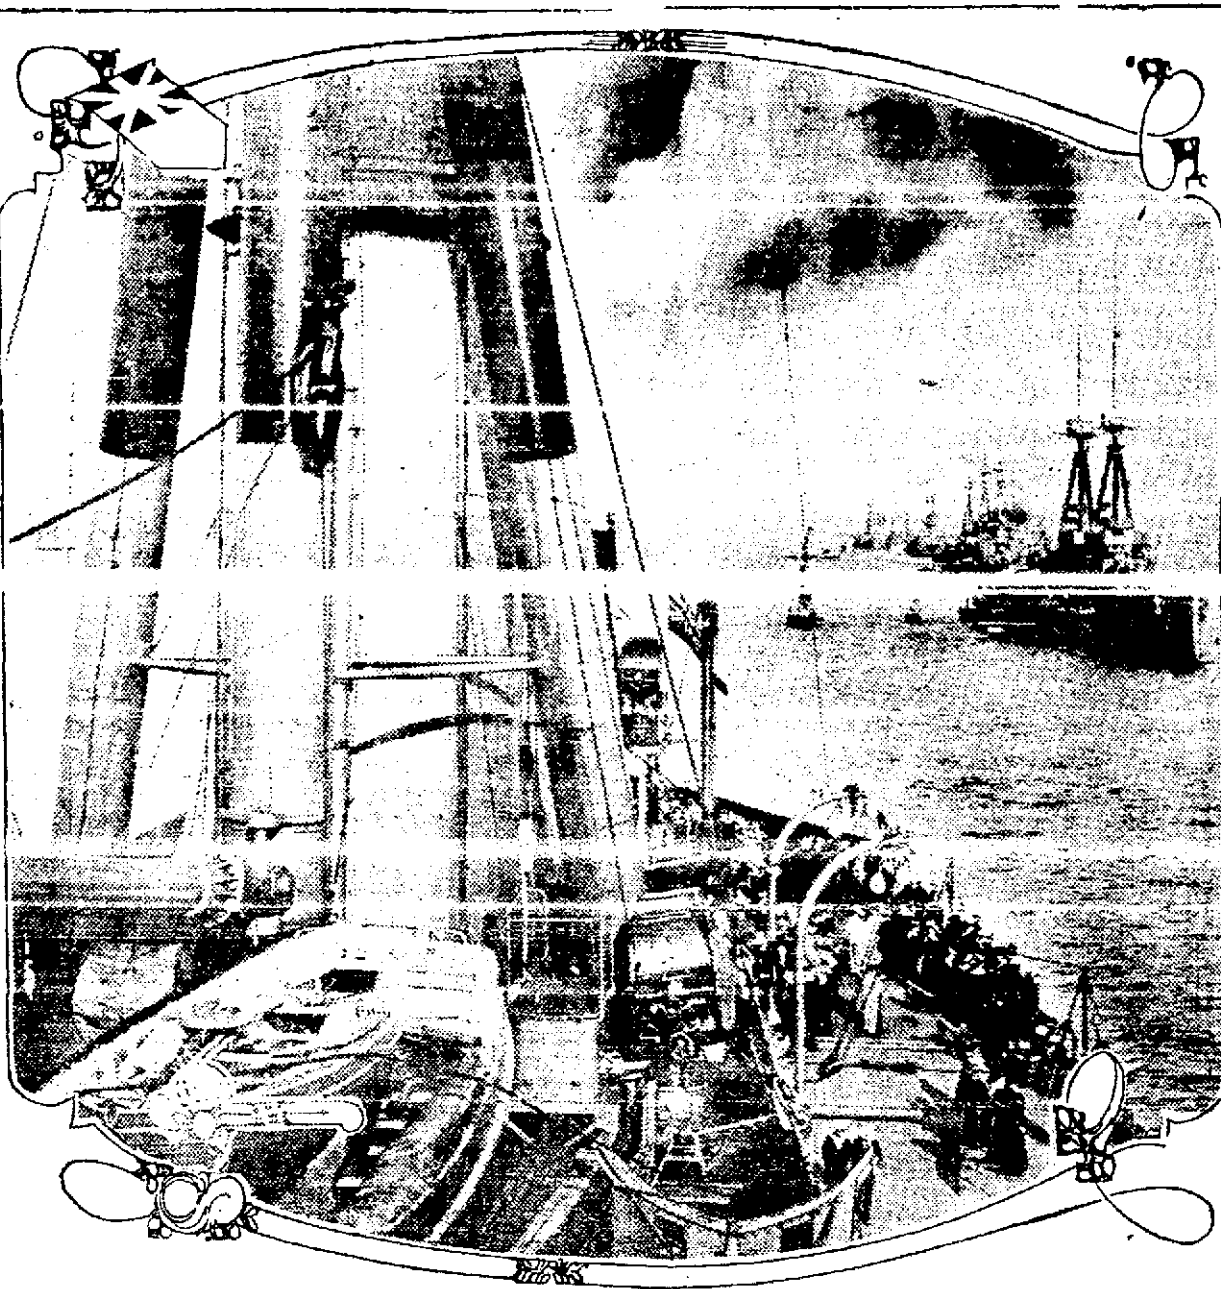

This is a new departure from the plan followed heretofore in raising relief funds. The Red Cross announced today, it being desired that everyone who contributed the amount mentioned, or more, shall feel that he or she is directly affiliated with the organization that is the medium for relief abroad.

### French Envoy Tells of Ill-Treatment

PARIS, Aug. 8 (4:15 a. m.)—The experiences of Jules Cambon, the French Ambassador to Berlin, on his trip from the German capital, are related in detail in a report to the minister of foreign affairs. It appears that he was subjected to numerous inconveniences and even to ill treatment when passing the canal at

Soldiers there invaded the train on the pretense of inspecting the baggage and he and his companions were obliged to remain in their compartments, the windows of which were closed and the curtains drawn. Before each door a soldier stood with a revolver in hand. This detention lasted for more than an hour. The Russian charge d'affaires and women and children, it is stated, had to submit to the same treatment.

#### HIS WORK SUSPECTED.

NEW YORK, Aug. 8.—Huntington's imprisonment, it was believed here, might be due to the fact that he had in his possession at the time of his arrest maps and other data obtained in his geographical researches throughout Europe and that the nature of his investigations was not understood by the soldiers who arrested him.

#### Adjutant-General Forbes Improving

SACRAMENTO, Aug. 8.—The condition of Adjutant General E. A. Forbes of the California National Guard was reported today as being much improved. He spent a restful night and has regained consciousness. While his condition continues to be serious it is not now considered critical.

#### LONDON PLEASSED WITH AMERICAN ATTITUDE

LONDON, Aug. 8.—The Times today editorially expressed the profound satisfaction of the British people at the evidence which the paper says it finds that the cause for which they are fighting has the sympathy of the American kinsmen.

The Times adds that the American people "are now beginning to

many to the power and influence hitherto enjoyed by Great Britain would be a development inimical to the American interests and a menace to the freedom of the United States as a world power."

Referring to President Wilson's offer of mediation, the Times says that there is much work to be done before any government is likely to avail itself of his proffered services.

### : Late War Bulletins :

NEW YORK, Aug. 8.—The first American refugees from the European war-ridden countries are expected to arrive here tonight or tomorrow morning on the American liner New York from Southampton.

FLUSHING, Holland, Aug. 8 (via London 1:20 p. m.)—The Norwegian steamer Tysa of 2,500 tons struck a mine outside the Dutch island of Wieringen today. The explosion shattered her stern, but the captain managed to run her on the beach.

PARIS, Aug. 8 (8:50 p. m.)—An official dispatch received at the war office here states that the Austrians shot a number of Czech soldiers in the Bohemia regions before the latter left for the scene of war.

NISH, Serbia, Aug. 8 (via London, 12:40 p. m.)—The Austrian troops evacuated Visegrad, on the frontier of Novipazar, today. The Serbian troops immediately reoccupied the place.

LONDON, Aug. 8, 2:30 p. m.—A British force on the gold coast, West Africa, has seized Port Lome, German Togoland.

PARIS, Aug. 8 (1:53 p. m.)—Count Albert de Mun of the conservative leaders in the chamber writes over his signature to a newspaper here today: "It was related to me by a friend that twelve Danish children who were on a German train going to the frontier, carried away by the imprudence of their youth and the fervor of their young hearts, shouted: 'Vive la France!' They were immediately dragged out of the train and four of them were picked out and shot."

LONDON, Aug. 8 (2:18 p. m.)—Walter Runciman, secretary of agriculture, introduced a bill into the House today giving the British government power to seize all foodstuffs. The bill passed through its stages. Runciman said his reason for introducing the bill was what he termed the greed of wealthy people who with a long line of automobiles had disgraced themselves by converting the large stocks of provisions and causing great hardship among the poorer classes.

PARIS, Aug. 8.—According to reliable information received here Belgium troops have cut the railroad between Arlon and Viroton, thus stopping all German transportation in the direction of Viroton. The Belgians took the rails away.

WASHINGTON, Aug. 8.—President William Howard Taft issued a proclamation of neutrality to apply to the state of war between Austria-Hungary and Russia. It is similar in terms to those already issued.

NEW YORK, Aug. 8.—Cardinal Farley and his party, as to whose safety abroad there had been some anxiety, are safe at Brunnen, Switzerland, according to private cablegram received here today.

NEW YORK, Aug. 8.—Theodore R. Lempe, manager of the wireless station at Tuckerton, N. J., announced today that the station had established direct communication with the wireless station at Hanover, Germany. Lempe said he had telegraphed Secretary Bryan to this effect and had offered to place the Tuckerton plant at the State department's service.

LONDON, Aug. 8.—Enough German reservists to form a large regiment were taken in custody by the police in provincial towns of the British Isles.

### STOCK EXCHANGE REMAINS CLOSED

No Prospect of Early Resumption, Is Special Committee's Report.

NEW YORK, Aug. 8.—Reports in Wall Street that the New York Stock Exchange would soon be reopened met with prompt and authoritative denial. The committee which was appointed to maintain active supervision over stock exchange affairs during the period of suspension, made this statement:

"The special committee of five will not recommend the reopening of the exchange until, in their judgment, the financial situation warrants it, and, as before stated, ample notice will be given of the proposed reopening."

The statement was made primarily because it was felt that reports of an early reopening, if allowed to spread unchecked, would give alarm to brokers, investors and business men throughout the country. It was known that previously being brought to bear upon the government by some members to consider an early reopening. The position of the brokers is made difficult by their heavy losses during the time of idleness, and it was felt by some members that there would be small danger of heavy liquidation by European holders of American securities such as upset the market last week. This selling, it was said, was for the purpose of obtaining gold, and with the embargo on gold exports now in effect it was thought that the market would be further depressed.

The committee of five, however, felt it would be highly dangerous to reopen the stock market until financial skies had cleared, particularly in regard to the credit situation and foreign exchange. It may be stated authoritatively that the governing committee intends to be guided in its actions by the judgment of the

### Prisoners Plead for Parole to Volunteer Services in Armies

Through the underground channels of criminal communication the prisoners in the county jail, including men of many nationalities, learned today that prisoners in San Quentin were about to plead for parole in order that they might return to different countries in Europe to volunteer their services in the armies. With a spokesman to represent them an appeal was made to Sheriff Barnett today to consider a number of paroles including the applications of Germans, French and several Austrians. The matter is being considered in one or two instances.

### SITUATION CALM.

The general financial situation today was one of unaltered calm. It was felt, however, that there were no immediate prospects of approach to normal conditions relating to international credits and foreign trade. These are the phases of the situation over which the financial market is now concerned most greatly. One decisive naval engagement is fought and control of the seas is established unquestionably, it is believed the resumption of foreign trade on a considerable scale will be possible.

Foreign exchange bankers met yesterday in an effort to devise means for lifting the embargo on exportation of merchandise and to provide for payments for the same.

There were indications that the outflow of gold from the banks was continuing. New York banks received reassuring messages from correspondents in the larger interior cities.

An easier tone prevailed in the market for time money, and it was expected that the banks would lend more freely next week.

Canadian banks continued to deplete their balances here and another \$1,000,000

and its tributaries, and so retarding the German advance.

President Poincare of France, has telegraphed King Albert, complimenting him on the bravery displayed by the Belgian troops in the battles with the Germans at Liege.

CAVALRY ANNIHILATED.  
LONDON, Aug. 8, 5 a. m.—A dispatch to the Exchange Telegraph Company from Brussels says that a division of German

fording the Meuse to the north of Liege was surprised and practically annihilated by Belgian cavalry and infantry, supported by a battery of light artillery. The German rout was complete. Seven German regiments surrendered.

#### 125,000 AT LIEGE.

BRUSSELS, Aug. 8 (5:30 a. m.)—The war office has issued an official statement saying that 125,000 Germans participated in the assault on the forts at Liege, but that they completely failed to make any impression on the fortifications. Three army corps engaged in the attack were cut up and rendered useless, it is declared.

"For many days," reads the statement, "our little army, by tenacity and courage, rendered highly valuable service to the French army, which for some days, under forced marches, has been hurrying to our assistance and now occupies a considerable portion of our territory."

#### HUNDREDS CAPTURED.

Hundreds of German prisoners have been captured. These are chiefly cavalrymen. The spirit of the German soldiers lacks enthusiasm. They appear to be fighting lethargically, while their officers endeavor to pass themselves off as Frenchmen."

King Albert has appealed to France for aid in repulsing the Germans, according to the Exchange Telegraph Company. The king, in a message to President Poincare, thanked him for his promptness in responding to the Belgian appeal.

President Poincare responded that the French troops were proud to second the brave Belgian army. He also, in recognition of its gallant defense, conferred the cross of the Legion of Honor on the city of Liege.

Soldiers returning here report that the trenches around Liege are literally filled with the bodies of Germans. In some places the bodies are piled four and five deep.

#### RAGE AT FLAMES.

NEW YORK, Aug. 8.—Unconfirmed reports that Liege, the greatest commercial city in Belgium, was in flames in places as the result of German shell fire, created dismay and rage among the hundreds of Belgians who have flocked here from all parts of the country on their way to Europe. The Palais d'Justice and St. Paul's Cathedral, reported damaged by shells, are among the oldest buildings in Europe.

Speaking of the reported destruction, Pierre Muli, the consul-general, said today:

"It is monstrous and inhuman, the light being made in the city of Liege. It lies on the right bank of the Meuse river, in the center of the circle of twelve forts, which comprise the fortifications of the district of Liege. It is flatter than New York and the surrounding hills, the fortifications are unguarded."

"There are 171,000 people in the city proper and in the poorer quarters the congestion is a serious matter. If a fire ever starts there the city is doomed."

#### GERMANY BREAKS SILENCE.

LONDON, Aug. 8 (4:45 a. m.)—The qualified admission of a temporary setback to German arms at Liege, which comes from Berlin today is a reminder of the strict silence generally maintained since the German capital since war was declared.

The only telegraph outlet by way of Berlin now left is through Amsterdam and a strict censorship permits only brief dispatches of an official character to leave the country.

The greatest indignation is manifested in the English press at the alleged treatment by the Germans of English correspondents in Berlin who are endeavoring under the greatest difficulties to serve their papers.

#### SUSPICIOUS OF HOLLAND.

The fact that the only news from Berlin now comes through Holland has an interesting phase. Holland by persisting in neutrality is exciting suspicion in Belgium of Dutch sympathy with Germany.

It is contended by the suspicious ones that through the ports of Italy and Holland foodstuffs may still reach Germany and therefore Italian and Dutch neutrality stands in the way of Great Britain's policy of Russia completely cutting Germany off from outside supplies.

According to a story told by Dutch

was withdrawn from the subtreasury for shipment to the Dominion.

There was marked improvement in the commercial paper situation and institutions were slowly resuming the purchase of paper. The rate for the best names was 6 per cent. There were indications that interior institutions would be in the market next week for paper.

At the sub-treasury late today it was announced that the amount of emergency currency issued and delivered up to that time totaled \$41,212,000 for twenty-four months. The total sum applied for and pending by twenty-five banks aggregated \$73,461,000.

#### BRAZIL ACTS.

RIO DE JANEIRO, Aug. 8.—The Brazilian cabinet met in council today under the presidency of President Hermes Fonseca and decided to consent to the omission of paper money in Brazil.

#### PERUVIAN BANKS PAY.

LIMA, Peru, Aug. 8.—All the banks were open here today and paid out balances which did not exceed \$25, while in some cases that amount were paid in proportion, according to the terms of a government decree.

#### CARGO INSURANCE LOWER.

LONDON, Aug. 8.—The war risk insurance office today reduced its rate on cargo from 5 1/2 to 4 1/2.

men who returned from Antwerp and which was given to a London newspaper, the feeling against the Dutch on this account is so strong in Belgium that their lives are forfeit.

A dispatch to the Post from Brussels says that King Albert has issued an order to the army highly complimenting the bravery of the defenders of Liege against greatly superior numbers. The heroic defense, he says, will live forever in the memory of the nation. His majesty also sends greetings to the French army which is coming to the aid of the Belgians. It is stated that the German seventh

La-Chapelle.

The correspondent of the Daily Mail at Brussels says that up to 5 o'clock last night an armistice had not been granted as requested by the Germans, but that the fighting at Liege had ceased several hours before.

#### BELGIAN WOUNDED 1000.

A thousand Belgian wounded have arrived at Brussels. The German bombardment of Liege was so severe that it constituted the departure of the population.

The Germans, the correspondent says, suffered because they were exhausted by the attacks which they had made for two days and were in danger of being wiped out by the fire of the Belgian forts. The Belgian losses were great, but less than those of the Germans. Many Belgian officers were killed. One cannot exaggerate, the correspondent says, the heroism and courage of the Belgian valor and skill of General Lemane, governor and commandant of Liege.

#### ISSUE OFFICIAL REPORT.

BERLIN, via London, Aug. 8.—The official German account of the siege of Liege says:

"On Wednesday the German advance guards penetrated along the entire Belgian frontier. A small detachment tried a coup d'main with great boldness at Liege. Some of the cavalry entered Liege with the intention of seizing the commander of the force, who only saved himself by flight."

"Our attack on the fortress itself, the fortifications of which are modern, was unsuccessful. Our troops are before the fortress, and the German army is in a position to enter the city."

"A hostile foreign press will characterize the enterprise, which cannot in the slightest influence the larger operations, as a defeat. It, however, is but a unique act of heroism in the history of war and a sign of the heroic gallantry of our troops."

#### FEARED TO THE UP FLEET.

NEW YORK, Aug. 8.—Prior to Germany's attack on Liege Sir Edward Grey tried to impose upon Germany conditions which Great Britain could have obtained only after a successful war, according to a statement issued here today by Haniel von Haimhausen, head of the German embassy in Washington during the absence of Count von Bernstorff, the ambassador. These conditions, Haimhausen said, if accepted by Germany, would have led to inactivity on the part of the German fleet.

The statement of the German charge d'affaires was prompted, he said, by the complete absence of news from Germany in the fatherland, owing to the present European conditions, including cable censorship.

"It is erroneous to assume," Haimhausen said, "that the English declaration of war was exclusively caused by Germany's invasion of Belgium. Negotiations in London had preceded the German attack on Liege. During these negotiations Sir Edward Grey promised that England would remain neutral only under the following conditions:

"First—Germany is not allowed to commit any act of hostility against the French coast in the North Sea.

"Second—German troops are not allowed to pass through Belgian territory."

"Third—The German navy is not allowed to attack Russia from the Baltic Sea."

"To the question put by the government whether Great Britain would undertake to respect Belgian neutrality during the whole war no answer was given. Sir Edward Grey tried to impose conditions which have exposed conditions which have runnng any risks all the benefits which it could have obtained only by a successful naval war. The acceptance of these conditions would have meant the bottling up of the whole German fleet, forcing it to inactivity."

"Knowing, on the other hand, that a great number of French officers had crossed the Belgian frontier in about fifty motor cars, running up to Liege, which was a flagrant violation of Belgian neutrality; knowing further that Antwerp was ready to open its most important harbor to the British fleet and landing corps, Germany was reluctantly compelled to refuse compliance with the Belgian conditions."

#### BELGIANS BRILLIANT.

BRUSSELS, via London, Aug. 8, 2:45 a. m.—Details of the last fighting at Liege are still lacking, but the newspapers report brilliant feats by the Belgian defense up to Thursday night. According to the press the German invaders, expecting a weak defense, were greatly surprised at the splendid fight made by the Belgians, who themselves suffered severely in resisting the German assaults.

Though Liege is defended by forts into years old, modern devices were employed by the skillful Belgian commander. Barbed wire and mines, together with artillery, strengthened the field between the forts. The Germans failing to determine accurately the position of these field works were cut down wholesale when they attempted to pass between the forts.

On Wednesday night the German seventh army corps made a tremendous assault with the aid of searchlights, but the Belgians, by a daring counter attack from the heights of Liege, compelled the attack.

After a struggle which lasted for hours, the Belgians, in disorder toward Maestricht, on the left bank of the Meuse, about fifteen miles north of Liege.

Another assault by the Germans upon the chateau Langres, under cover of a heavy artillery fire, was defeated by the Belgians, who blew up the chateau.

# EUROPE A WAITING CRASH OF VAST ARMIES

## FRENCH LEGIONS AND GERMANS ARE IN BATTLE ARRAY

By Associated Press.

LONDON, Aug. 8.—No hint has yet been given as to the position of the bulk of the twenty-four German army corps or of the twenty-one French army corps. It is known that several of the German corps are near the Russian frontier.

The organization of other corps from the immense body of reserves must have occurred

probably have taken the places in interior fortified cities of the soldiers of the active army who are, it is assumed, now prepared

to make their first dash at the enemy.

It is pointed out by military men that any decisive offensive movement by the German or French army will involve several hundred thousand men on each side whose contact will throw into the shadow the fight at Liege.

Reports from many quarters record further captures of merchant vessels sailing under the German flag, while the presence

waters was shown in today's wreck of a Norwegian steamer in the Zuyder Zee, in The Netherlands.

### WAR BULLETINS

By Associated Press.

STOCKHOLM (via London), Aug. 8, 4:30 p. m.—A captain of a schooner which has arrived here from Lubeck, having sailed from the Russian port on August 1, reports a heavy bombardment of Lubeck by the German fleet and that the fortresses were badly damaged but still holding out. He saw no warships on the voyage. All the stores and the wharves at Lubeck, Finland, were burned, having been blown up by the Russian troops. Steamship communication between Sweden and Finland has been restored.

ST. PETERSBURG (via London), Aug. 8, 4:10 a. m.—The government has published the official papers in connection with the negotiations between Russia and Germany preceding the war. It is stated that they show Russia's pacific intentions to the last and fixed complete responsibility for the war on Germany.

HULL (via London), Aug. 8, 3:30 a. m.—Eighty Germans here, who failed to satisfy the police upon an examination of them, were arrested and placed aboard a government steamer, where they are detained.

LONDON, Aug. 8, 8:30 a. m.—Sir Edward Carson, the Ulster Unionist leader, John L. Redmond, head of the Irish Nationalist party, and Joseph Devlin, Irish Nationalist member of parliament for Belfast, met Field Marshal Earl Kitchener, secretary for war, at the war office yesterday, and reported their conclusions in connection with the contemplated plan to give a military status to the Irish volunteers.

PARIS, via London, Aug. 8.—The great improvement today in the general train service in France is taken as a reliable indication that the mobilization and concentration of the French armies are nearly completed. No fewer than 1500 passengers left Paris today for the south of France.

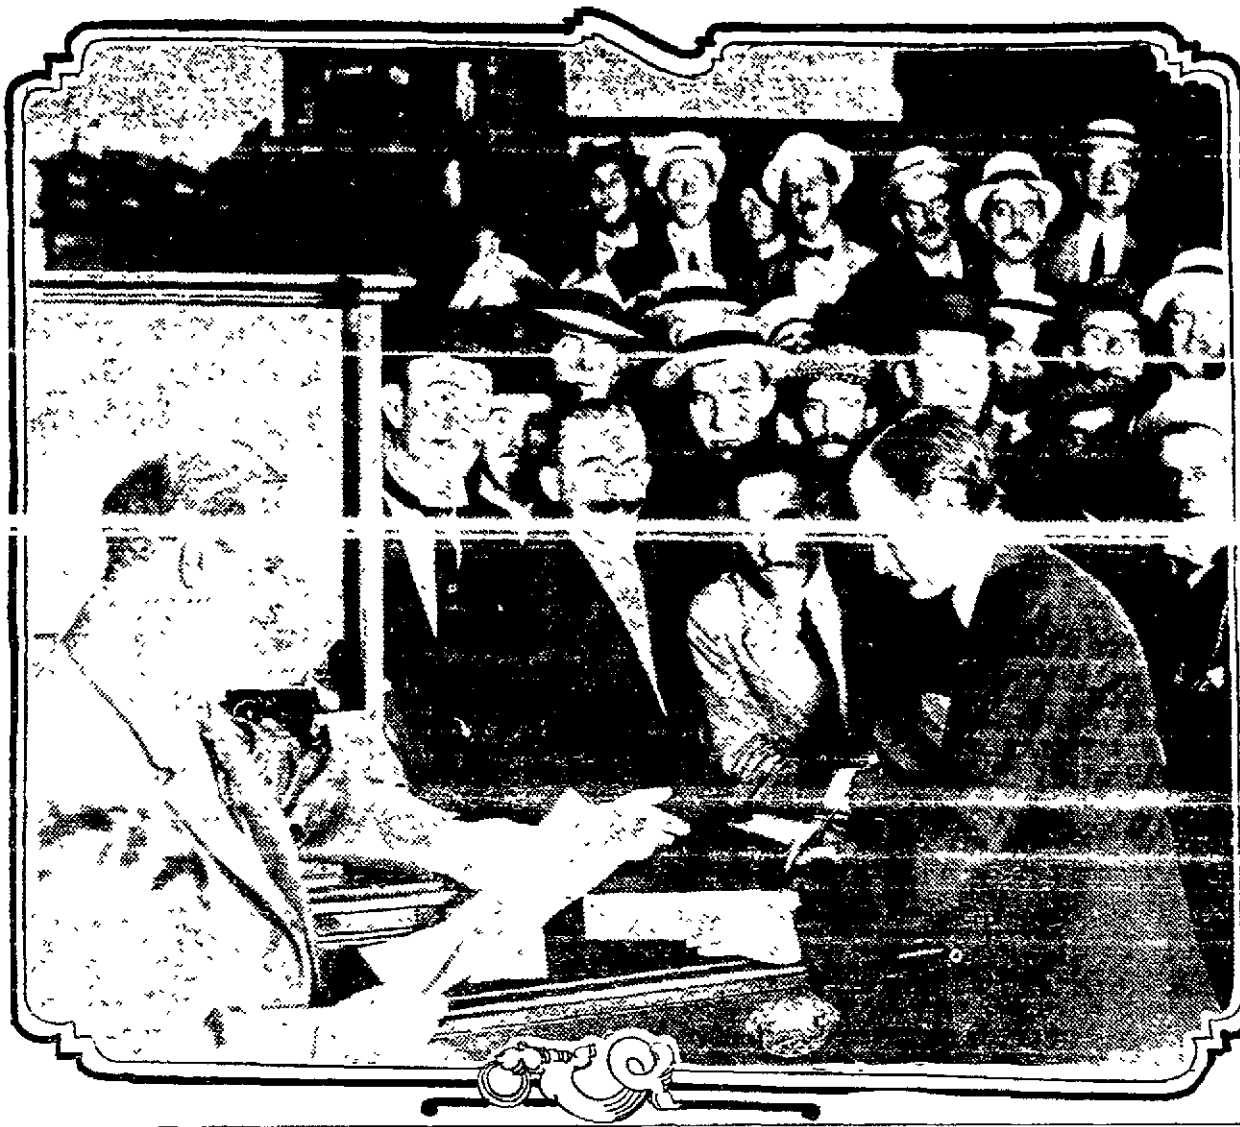

PARIS, Aug. 8.—Steamer service from Saint Nazaire to Colon, from Bordeaux to Antilla and from Marseilles to various points has been suspended.

BERLIN, via London, Aug. 8, 12:40 p. m.—The German federal council decided today not to proclaim a moratorium for the present. The courts were empowered to deal leniently with debtors and the term for the payment of bills was extended for three months. A certain relief also was granted for bill of exchange transactions.

BELFORT, France, Aug. 8.—The mayor of this city today issued a proclamation that the inhabitants of the city should not display a hostile attitude toward them, in spite of the reported execution by Germans of a number of Alsation youths who were endeavoring to cross into France to join the French army.

NO GERMAN FLAG ON "GERMAN DAY" FIESTA  
KENOSHA, Wis., Aug. 8.—"German Day" to be observed here tomorrow will be without the display of the German flag, it was ordered by the city authorities today. Russian and Serbian protesters. Ten thousand Germans from neighboring towns were expected to attend. Three large parades of the warlike population of the warlike towns were expected to attend. ## BELGIUM SEIZES 34 GERMAN STEAMERS WILSON'S OFFER OF MEDIATION CRUISER GOES SEEKING CRAFT IN NIGHT

By Associated Press.

ANTWERP, Belgium (via London), Aug. 8.—The Belgian government today seized thirty-four German steamers and two sailing ships in the new port here.

ITALY SEIZES LINERS.  
LONDON, Aug. 8, 4:52 a. m.—A dispatch from Milan to the Chronicle says that the Italian authorities at Genoa have seized two German trans-Atlantic vessels, the Moltke and the Koenig Albert. It is explained that the action was taken when the captains demanded a supply of coal though they already had coal aboard.

The Koenig Albert belongs to the North German Lloyd line and sailed from New York July 17. The Moltke is a Hamburg-American liner. She left New York on July 15, arriving in Genoa on the 25th.

CAPTURES MERCHANTMAN.  
SHANGHAI, Aug. 8.—Russian warships have captured the German merchantman Sabine Rickmers at the mouth of the Amur river. The Deike Rickmers, another German merchantman, after an exciting run from Hongkong, arrived here safely today and found shelter behind an island. On the voyage here she sighted a British cruiser and forthwith ran up a British flag.

ENGLAND SEIZES CRAFT.  
LONDON, Aug. 8.—The capture of German merchant craft continues at a rate gratifying to Englishmen, who predict that the war will speedily result in driving German commerce off the sea.

Late this afternoon the German steamer Haulta, timber laden, was towed into Leth. This is the fourth German prize brought into that port. Lloyd's agent at Bordeaux reports that the German steamers Consul Horn and Acturus have been seized there by the French government.

Since the outbreak of the war a number of German merchant ships which were lying in English harbors when war was declared have been seized. According to an English authority on international law, such vessels can be retained only while the war lasts. When peace is signed they must be returned to their owners.

AUSTRIAN STEAMER CAPTURED.  
ST. PETERSBURG (via London), Aug. 8.—The Austrian merchant steamer Stella has been captured by Russian warships.

GERMAN WARSHIPS MISS 7000 TONS OF COAL

SAN DIEGO, Aug. 8.—Unaware of the war in Europe the British collier Vestalia, Captain D. B. Marshall, steamed completely into port this morning, 62 days out from Norfolk, Va., with 7000 tons of coal for the navy coaling station here.

Captain Marshall was dumfounded when he learned for the first time that Germany was at war with England, France and Russia.

"It is a good thing I had no wireless on board for I would have undoubtedly revealed my identity if questioned by a German warship," said Captain Marshall when he recovered his composure. He saw no signs of German cruisers, he added.

Two other colliers have not been heard from.

NO GREAT LAKE SHIPS AVAILABLE FOR OCEAN  
NEW YORK, Aug. 8.—Lack of structural strength will keep lake steamers from engaging in the trans-Atlantic trade according to marine underwriters to whom the proposition of getting relief from that source was presented. The larger lake boats, it was said, could not pass through the Welland Canal, and those vessels available would be small and too light in structure to withstand

By Associated Press.  
ROME, Aug. 8 (via Paris, 5:55 p. m.).—The offer of mediation by President Wilson has produced an excellent effect, Italy, while admitting the great obstacles to its success, will warmly support the American proposition.

Regret is expressed at the absence of the American ambassador, Thomas Nelson Page, at such a critical time, but Secretary Jav, who enjoys the fullest confidence of those in official circles, is doing his utmost to promote the peace proposal. He has had several conversations regarding it with the foreign minister.

PEACE SOCIETY'S STATEMENT.  
NEW YORK, Aug. 8.—A message of thanks for President Wilson's offer of mediation to the powers at war in Europe was sent to him today by the German-American Peace Society from its general meeting here.

With the outbreak of war in mind, the society, in a statement, reaffirmed its adherence to the peace principles laid down in its platform.

"At the present time, however," it adds, "that point of its program seems the most important which provides for the furtherance of friendly relations between the old and new fatherland, and it most emphatically protests against the attitude of a portion of the American press that seems to try its best to bring about a disturbance of these relations even for the time after the end of the war."

"In this sad hour our sympathy belongs with reservation to our brothers fighting in the ranks of the German and Austrian armies and we hope for the victory of their arms, not only out of love of the old fatherland, but also out of sincere conviction that by this the ideals of mankind, also the rightly understood idea of moral progress, will be best served in the end. We regret and condemn this war, but faced by an unalterable fact we hope for the victory of the right, for we firmly believe in the mission of the German nation."

PATRIOTS RAISE LARGE WAR FUND FOR FRANCE

The ardently patriotic speech of Leon Cazet, president of the "Union Francaise" of Oakland, so aroused the great audience of French enthusiasts gathered at the Regatta Institute the other evening that \$7000 was contributed for the aid of France in the present emergency. The fund was sent to French Consul General Monnet in San Francisco.

Present at the meeting were fully 1250 members of the relief committee formed by the consul general are from this side of the bay. These are Leon Cazet, L. L'Avigne, Pierre Fontaine, Leuner-Porte, E. Belle-Oudrev, L. Taus, Charles Gailard, Fernand Locatelli, M. Brun, P. A. Bergeron, L. Ruy, M. Levillain, M. Levy, Jules Godeau. The president is Consul General Monnet. The members of this committee pledged themselves to give \$25 a week each for the cause so long as the war lasts. A large portion of the money will be sent to the Red Cross Society. On Monday night this relief committee will meet at the consulate in San Francisco.

CUSTOMS ORDERS ISSUED.  
WASHINGTON, Aug. 8.—New instructions to collectors of customs designed to free commerce from all possible restrictions, and still observe neutrality, were promulgated today.

POSTERS DISCLOSE GERMAN INVASION PLAN TO FRENCH

PARIS, Aug. 8.—An official statement issued today says that Germany, in Alsace-Lorraine, prove the French contention that the war was premeditated on the part of Germany.

The towns were occupied by the French yesterday, and according to the statement the posters which they found afforded them valuable information concerning Germany's mobilization, besides revealing that Germany had decided upon war at the time the triple entente was re-doubling its efforts for peace.

By Associated Press.  
SAN FRANCISCO, Aug. 8.—With her exact destination a secret and all lights extinguished except those at port and starboard, the British cruiser Rainbow slipped silently out of the Golden Gate at 1:30 o'clock this morning. Coaled and provisioned sufficiently for a trip to her home port, Vancouver, the Rain, is expected, "it is believed," to turn southward and endeavor to do a little scouting for possible German cruisers or with the expectation of perhaps picking up a prize.

The commander of the Rain, Captain Hore, notified Consul General Hore that he would not leave port until 9 o'clock this morning, thus taking advantage of the full 24 hours allowed him under the neutrality laws. His determination to get away in the darkness, however, was evidently the result of some information received at midnight. Hurried preparations were made for a start at that hour and the Rain passed out of sight, going at full speed soon after she had left the lights of the city behind her.

It is believed that the German battleships which are on the Pacific coast are considerable to the southward. It is possible that the Leipzig may be in this neighborhood and beyond the three-mile limit hostilities may begin.

At the British consulate here no information as to the destination of the Rain would be given and it may be that the cruiser contemplates returning again to British Columbia.

ITALIAN EMBASSY CHEERED BY ENGLISH THRONES

LONDON, Aug. 8.—A remarkable demonstration of friendship occurred in front of the Italian embassy yesterday. The demonstration was organized by members of the peerage, members of the House of Commons and others prominent in the political and social world, and thousands of passers-by joined in the cheering, which continued until the ambassador, Marchese di Francavilla, and the ambassador's wife, moved, appeared on the balcony.

Among those who participated in the demonstration were the Marquis of Londonderry, Lord Robert Cecil, the Earl of Lonsdale, Baron Farquhar and G. L. Locker-Lampson and Ronald McKel, members of the House of Commons. They arrived in automobiles which were decorated with British and Italian flags. They waved a huge Italian flag.

OAKLAND TRAVELERS ARE SAFE IN EUROPE

The many friends of Mrs. E. F. Merchant and her two daughters, the Misses Inez and Leona, will be delighted to learn that word has been had from the travelers. They are at Bern, Switzerland, and from there E. F. Merchant, now at Los Angeles, received word by wireless giving assurance of their safety.

Mrs. Merchant and her daughters left this city in June on the California special which carried so many prominent women to the annual at Chicago. From there she toured the East before going to Europe, where she visits her friends.

Mrs. Merchant is a member of the Oakland Club.

## SAILINGS HELD UP BY BRITISH ADMIRALTY BRITISH SPIRIT OF LOYALTY SHOWN

Olympic and Vaderland, With Reservists, Fail to Leave Port Today.

By Associated Press.

NEW YORK, Aug. 8.—The White Star line Olympic, to have cleared from this port today with British re-

ceipt of orders from the British admiralty.

The sailing of the Red Star liner Vaderland, on which 1000 Belgian reservists were booked for a British port, also was delayed.

As in the case of the Olympic, the Vaderland's sailing was called off by orders from the admiralty. No other explanation was given. Notwithstanding her British nationality, the Olympic was received after she had been given clearance papers by the customs officials and all preparations had been made for sailing. Approximately 500 persons had engaged passage upon her.

The Vaderland has a stowage capacity of more than 2000, about half of which was occupied by Belgian reservists.

In addition to the Olympic and Vaderland, other trans-Atlantic liners announced sailings for today, three of them crowded with reservists. These were the Faber liner Santa Ana, sailing for Marseilles with 1100 French reservists, referred to the line as "1100 destitute Frenchmen."

The Columbus of the Anchor Line, bound for Glasgow, with her stowage overflowing; the Europa, sailing for Naples with 1600 Italians and Montenegrins in her stowage and the first consignment of mail sent to Austria and Germany in several days; the White Star liner Adriatic, for Liverpool, and the Atlantic Transport liner Minnehaha, for London. The Minnehaha, used chiefly for freight, had but fourteen passengers. All five vessels were given clearance papers.

The Olympic's passengers were transferred to the Adriatic after the suspension of the Olympic's sailing was announced. The Adriatic sailed at noon. The Minnehaha sailed at the same time.

The White Star liner Cedric left Halifax today with all passengers aboard and should arrive at New York Monday morning. This announcement was made by the White Star line.

LINER CINCINNATI ARRIVES.  
BOSTON, Aug. 8.—The Hamburg-American liner Cincinnati arrived in American waters at Cape Cod, 5 a. m. today, according to a wireless message from the steamer.

The Cincinnati left Hamburg July 29 and was due here today. She called at Boulogne and Southampton and had not been heard from since. The liner was off Cape Cod, on July 30. The Cincinnati has on board 500 passengers, including Cardinal O'Connell of Boston.

Orders for the sailing of the White Star liner Arabic and the Leyland liner Canadian for Liverpool, on either Tuesday or Wednesday of next week, were called from Liverpool to the office of the International Mercantile Marine here last night. It was stated at the same office that the liner Canadian would sail next Friday for London and the freighter Iberian on Saturday of next week for Manchester.

AMERICAN SAILINGS CANCELED.  
GLASGOW, Aug. 8, 12:30 p. m.—Today's sailings of the steamships of the Anchor, Allan and Donaldson lines were cancelled, and about 1000 Americans and Canadians who boarded their passages are left stranded here.

PASS BANK AOKI.  
WASHINGTON, Aug. 8.—The House yesterday passed the Senate bill to put state banks on a par with national banks in the shifting of reserve to the reserve banks of the new system.

Accept First Misfortune, Loss of Cruiser Amphion, With Calm Regret.

By Associated Press.

LONDON, Aug. 8.—The spirit in which the British people are taking the war has found expression in their

loss of the cruiser Amphion with 136 men. In a lesser conflict it would have been mourned as a disaster. Today it is regarded as a regrettable but not unexpected incident.

The paper accord the staff neither the largest head lines nor extended expressions of regret.

The reports of a victory in the North Sea, which were circulated last night there was another of the great gatherings before Buckingham Palace, which have come to be nightly expressions of the loyalty and enthusiasm of the people. The ovation before the Italian embassy, organized by members of West End clubs, was followed by demonstrations throughout the West End by the younger sections of the community. These took the form of rejoicing over the reported Belgian successes. The greater number participating in many instances were Belgians and Frenchmen, who carried the flags of their countries and cheered mightily.

The business section of the town displayed few flags and even soldiers march through the streets without attracting special interest. An onlooker said: "The temper which we are certain is going to inspire the nation cannot be expressed better than in the words of the greatest of Americans, Abraham Lincoln: 'With malice toward none and with charity for all.'"

CONDEMNIS FALSE REPORTS.  
Heated condemnation was voiced in the House of Commons today of the dissemination of false news concerning the war, such as that published in regard to a great naval battle off the coast of Holland.

"It was absolutely false," said Reginald McKenna, the home secretary, and he expressed the hope that the house would join him in the strongest condemnation of the publication of such reports. He continued: "I do not say it was wilfully done in this case, but it might be wilfully done in order to assist the circulation of a paper."

"The publication of false news is a misdemeanor and now that a press bureau has been established the public has the right to expect that no such news will be published except when furnished by the press bureau."

An official communication issued at Paris states that the troops in the fortress of Liege being sufficient for the defense of the town an active division mobilized at Liege has joined the army in the field.

English military critics in London papers comment on the failure of the tactics of the German infantry exhibited in their frontal attacks on the Liege fortifications in which they were repulsed. It is contended that the Germans learned nothing from recent wars and still adhere to methods adopted in the Franco-German war.

THE HANDSOME NEW 1915 MAXWELL CAR THAT IS ANNOUNCED TO THE PUBLIC IN TODAY'S ISSUE OF THE TRIBUNE. PHOTO INSET ON THE LEFT IS E. L. PEACOCK AND ON THE RIGHT GEORGE PEACOCK, HEADS OF THE PEACOCK MOTOR COMPANY OF OAKLAND, WHICH HAS SECURED THE SELLING RIGHTS OF THE NEW MAXWELL LINE FOR THE ELEVEN COUNTIES CONTIGUOUS TO THE BAY CITIES.

## MAXWELL AUTOS REDUCED IN PRICE

Big Factory Now After  
First Place for the  
1915 Season

The most sensational news that the automobile world has heard in a long time is the announcement that the Maxwell Motor Co. of Detroit, Mich., will sell its new 1915 "25" model at \$695.

This news coming out of a clear sky is creating unbounded astonishment. The 1914 Maxwell "25" was a tremendous seller.

But as the trend of the times is unmistakably toward a still lower priced car, the Maxwell Motor Company decided to make a "25" car that possesses the features of a thousand dollar car, and offer it at a price that would positively make it the greatest automobile value in the world, according to Pacific Coast representative T. J. Toner.

The 1915 model "25" is a big advance over the previous car. It contains 17 new and distinct features—improvements that will at once favorably impress automobile judges and automobile dealers.

These features include a pure streamline body, adjustable front seat, Simplicitor tension master, three-quarter elliptic rear springs, live bumpers on rear spring tension bar, carburetor, clear vision windshield, foot rest for accelerator pedal, tail lights with license brackets, attached gasoline tank under dash cowl, crown fenders with all vents concealed, headlights braced by rod running between lamps, famous make of anti-skid tires on rear wheels, gracefully rounded double shell radiator equipped with shock absorbing device, instrument board, car speedometer, carburetor adjustment and gasoline filler, improved steering gear, spark and throttle control by foot on quadrant under steering wheel, electric horn button on end of quadrant.

FLANDERS TALKS.  
"We believe," said President Walter E. Flanders, of the Maxwell Motor Co., "that our new Maxwell '25' at \$695 will prove the fastest selling car made in this country. It certainly has every feature that should insure it phenomenal popularity. At its price it represents most remarkable value."

"It is made of the finest materials; the development is the best; it is a light, easy running and handsome car, and it has practically every feature of a thousand dollar car."

"Our schedule for the coming year calls for 60,000 cars, but we will be able to considerably increase this number, as the demand grows we will amplify our facilities in our various factories in Detroit, Dayton, and Newcastles. We will be ready for any emergency. During the summer we added largely to the equipment of our factories, particularly at Newcastles. More employees have been added and we will not only all demands for this phenomenal Maxwell '25' with promptness."

"The past year has been one of exceptional prosperity with the Maxwell Motor Company, but I firmly believe that the coming year will establish a record that will far exceed the year just closed. We will equip the new '25' model with the Gray & Davis electric starter and electric lights for only \$55 additional."

The new 1915 Maxwell "25" is a wonderfully easy car to drive, and can quickly attain a speed of 50 miles an hour.

As a hill climber of unusual power and elasticity the Maxwell "25" has already distinguished itself. The Lick Observatory victory of the Maxwell in which it broke the record by five minutes, is still the talk of the automobile industry.

The new 1915 model is being rapidly introduced in Europe and other foreign countries, and is making with universal and unusual success.

## PEACOCK BROS. WILL HANDLE MAXWELL

Well Known Local Firm  
Will Control Coast  
Territory

BY EDMUND CRINNION.

Not by any means overshadowed by the big noise of the 1915 announcement of the Maxwell Motor Company is the official statement given out by Pacific Coast Manager T. J. Toner, to the effect that he has appointed the Peacock Motor Company of Oakland as the Maxwell car distributor for the eleven counties contiguous to the bay cities. Probably no announcement of recent years has shown as emphatically the trend of the times relative to the rapidly growing importance of Oakland, as viewed from the big factories as a motor car distributing center. The fact that the big Maxwell company, easily conceded to be well among the contenders for leadership in the automobile business, should pick Oakland and an Oakland firm, to handle the selling agencies for the eleven counties, augers well for the future of the trade on this side of the bay and is also considered a tribute to the growing importance of Oakland.

The Peacock Company is headed by E. L. Peacock and George Peacock, well-known Oakland men, who have been identified with the industry here since called, however, busy business. They have figured more or less prominently in the retail business and recently assumed the role of one of the largest retail auto houses in this city, carrying the largest selling staff and the most number of automobile lines of any house on either side of the bay.

The entry of the Peacock Motor Company into the wholesale distributing business for the huge Maxwell car factory, places them as among the most prominent contenders for leadership for coast auto business. The line is considered a remarkable one for the coming season, from a selling standpoint, and its distribution from the Oakland house, which has a pronounced effect in automobile as well as other lines of merchandise, endeavor, for it means the handling of many hundreds of autos through Oakland channels.

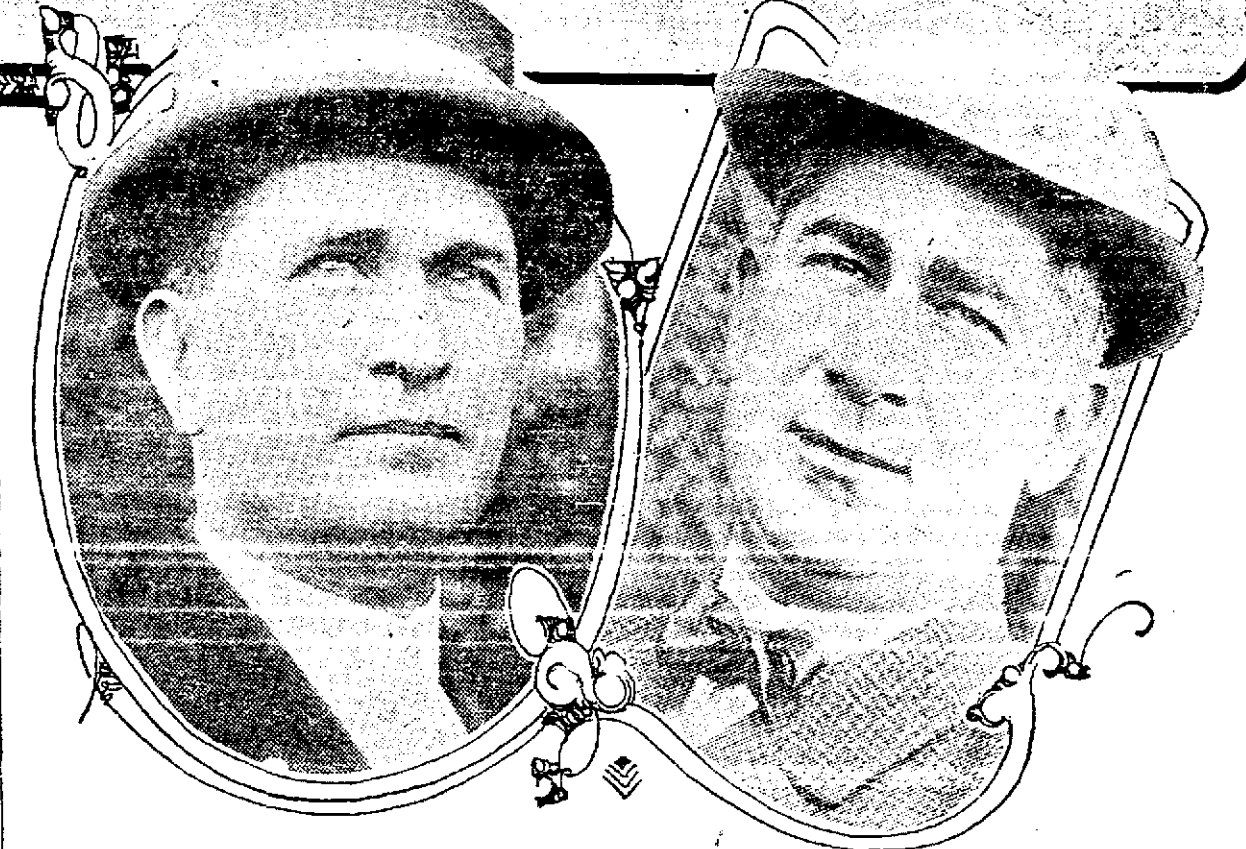

The Peacock Motor Company's contract with the Maxwell Motor Co., T. J. Toner gives it immediate control of the counties of Alameda, San Mateo, Marin, Sonoma, Solano, Napa, Contra Costa, Mendocino, Lake, Humboldt and Del Norte. Beginning today with the factory's announcement of the 1915 line the agencies in these counties will be under the jurisdiction of the Peacock Motor Company, and it is stated by E. L. Peacock that the same policy that has forged the company ahead in the local retail field would be followed in handling the enlarged interests under the new arrangement.

The Peacock Motor Sales Company has secured the services of men who have been identified with the distribution and sale of motor cars in this section of the state for a number of years, and the knowledge which they have gained should make them of great assistance to the various dealers.

## CHIEF WHITE ISSUES ORDER AGAINST SMOKING

SAN FRANCISCO, Aug. 8.—Chief of Police White is evidently determined to keep his officers in close trim. He has made up his mind that at least none of them shall be found to be suffering from a smoker's heart. He has placed the ban on tobacco in all forms. There must be no more smoking. The edict went out today to captains, lieutenants, sergeants, men alike. Several companies, commanders who always had a weed between their lips were vigorously chewing gum today to try and get over the eight-hour period without a cough.

"It's for the good of the service," declared White, and that sentence always covers a multitude of new orders.

## KNOWLAND CANDIDACY AT FLOOD

Endorsements of Republican Senatorial Candidate Cover Whole State

Congressman Knowland's candidacy for the United States Senate is growing by leaps and bounds. Reports of endorsements are coming in from all parts of the State. Knowland's splendid campaign through Southern California and the San Joaquin Valley has resulted in a spontaneous outburst in his favor in numerous localities and clubs and societies are declaring for his election as a matter of course.

At Congressman Knowland's headquarters last night the following message was received from Los Angeles: The following resolutions have been passed by the Knowland Senatorial Club of Southern California. A. A. Eckstrom, president; H. D. Best, secretary:

Whereas, it being the purpose of the Knowland Senatorial Club of Southern California to assist in the selection by the people of this State a candidate for United States Senator, a man of high character and ability, and one who is well qualified and who will render the most beneficial service to California and to the Nation;

Whereas, the Honorable Joseph R. Knowland is a candidate possessing these requisites by reason of his experience in the legislature of California and in the Congress of the United States, now therefore be it

Resolved, That the Knowland Senatorial Club of Southern California do endorse the candidacy of the Honorable Joseph R. Knowland for United States Senator and does recommend his election to the people of California.

The West Oakland Improvement Club, one of the largest associations of its kind in this city, and strictly non-partisan in its character, has adopted the following resolutions:

Whereas, the Hon. J. R. Knowland, as a member of the Assembly of the State of California, as a member of the Senate, as well as an our representative in Congress, has labored diligently for the improvement of the harbors of the San Francisco Bay, and the Pacific Coast;

Whereas, he has shown himself to be thoroughly honorable, loyal and faithful to the people of California in every respect;

Therefore, be it resolved, That we, the members of the West Oakland Improvement Club, do hereby endorse his candidacy for United States Senator, and commend him to the people of California as a most efficient servant of the people.

which hundreds pledged him their support. Mr. Knowland will speak in Sacramento tonight at the Clunie Theater and a record gathering of the campaign is assured.

Republicans of Alameda county are manifesting great interest in the meeting to be held by Captain John D. Fredericks, aspirant for the nomination for governor, which will be held this evening in the Macdonough Theater, commencing at 7 o'clock sharp, and closing at 8:30.

That there will be a crowded house is conceded. The personality of the candidate, who is one of the commanding figures in the fight, and the campaign he has put up thus far assures him a crowd, so that all who desire to hear him will do well to be on hand early.

The hours for the Fredericks meeting are made so as to permit the theater to show the Annette Kellerman pictures according to program.

W. C. Ralston, also a Republican candidate, will hold a meeting in the ball room of Hotel Oakland Monday evening. It is said he will define his attitude on many of the issues of the campaign; that he will renew his declaration against state-wide prohibition, because he believes the present local option law applicable for regulation and will take a stand against the proposed eight hour law applied to the farmer and the grower of things for human consumption. In the fixed industries Ralston believes in an eight hour day.

Organized labor of Alameda county regards the endorsement of County Treasurer M. J. Kelly by the Building Trades Council of Oakland and Engineers' Local No. 553, as an unusual compliment to that body. This is the first time that the history of either organization that it has aligned itself with any candidate for political office. With the backing of the Building Trades Council, the Engineers' Union and other labor organizations, friends of the county treasurer now are predicting that he has an excellent chance to secure his reelection at the primaries.

At a meeting of the Alameda Political League, held yesterday afternoon at the home of the president, H. J. Platt, a resolution was adopted endorsing T. C. West, Republican candidate for state senator, and W. H. L. Hynes for district attorney. District Attorney Hynes has also been endorsed by Engineers' Union No. 197, of the International Union of Steam and Operating Engineers, and by the woman's auxiliary of the same organization. Last night he spoke at Aloha Hall in West Oakland and today he will address a large gathering at Pleasanton. County Assessor Horner and Sheriff Barnett spoke at Aloha Hall also.

## FILE LATE JUDGE BEATTY'S WILL

Entire Estate, Except the Law  
Library, Bequeathed to  
Widow of Jurist.

SAN FRANCISCO, Aug. 8.—The will of the late Chief Justice William Henry Beatty was filed in the Superior Court this morning by his son, Henry Oscar Beatty, who was named as sole executor. The entire estate is left to the widow, Elizabeth Boone Beatty, with the exception of the jurist's law library, which is bequeathed to his son. There are several trust clauses in the testament which provide that in the event of the death of Mrs. Beatty, the estate shall go jointly to his son and his two grandchildren, William Beatty Wright, aged 11, and Selden Stewart Wright, aged 9, children of Olive Beatty Wright, a deceased daughter. Henry Oscar Beatty is to receive half of the property and the

grandchildren. The will is dated Aug. 9, 1911, and is witnessed by J. F. Gowie and Alexander Baldwin. The estate is valued at more than \$10,000 but the exact value could not be ascertained this afternoon, owing to the absence from the city of Attorney Charles Stetson Wheeler, who was Judge Beatty's counsel and who drew up the papers. The case has been assigned to Judge Hunt's court.

Hanford. After a trip to Los Angeles and San Diego, Mr. Swan will return to Modesto for the balance of his campaign. He sends word of enthusiastic receptions at all places he has visited.

The Material Teamsters, Local No. 577, L. D. Jones, president, and R. F. Norman, secretary, has endorsed the following candidates: Sheriff, Frank Barnett; congressman, William R. Geary; supervisor, Third district, Joseph M. Kelly; county auditor, E. F. Garrison.

Chairman John F. Mullins of the board of supervisors, will, on Monday, begin a tour of Alameda county in the interests of County Treasurer Cook and City Auditor and Auditor Gross for county clerk. He plans to make several speeches in their behalf.

At a meeting of ladies yesterday afternoon at the home of Mrs. Eugene Colby on Twelfth avenue, Miss Louise Whitehead presiding, the following candidates spoke: E. F. Garrison, county auditor, seeking re-election; George E. Gross, Harry A. Encells and Samuel Poorman Jr. Mrs. Ross spoke for M. J. Kelly, county treasurer, who was unable to be present.

Alameda ladies yesterday met at the home of Mrs. West to listen to the candidates for the State Senate expound their platforms. Samuel Poorman Jr. was unable to be present, but T. C. West, Republican candidate, spoke, following which a West Senatorial club was organized with Mrs. Lewis president, Mrs. H. J. Platt vice-president and Mrs. E. R. Deming secretary.

A "Strong for Strong" club was organized at a neighborhood meeting in Central Oakland last night, with H. C. Gladstone president and Dr. E. W. Nathan secretary. The club is to further the candidacy of Charles A. Strong for assemblyman from the Thirty-seventh district.

Following a meeting at the home of Mrs. R. A. MacKerricher, 4917 Everett avenue, East Oakland, the sixth Dr. Milnor E. Kibbe club was organized with a large membership. Mrs. MacKerricher was elected president.

Last week William B. Bridge, incumbent, and candidate for state senator of the Second district, to succeed himself, visited and addressed the employees of the California Cotton Mills at Twenty-third avenue, where he received a very cordial welcome and a number of endorsements.

At the meeting of the Alameda County Women's Republican Club, which will be held in the ivory ball room of the Hotel Oakland Monday afternoon, several candidates for state offices on the Republican ticket will speak, among them being Captain John D. Fredericks, candidate for governor, being on the list. Others will be: Philip M. Walsh, candidate for Congress; T. C. West, for the State Senate; Montell Taylor, who is running for the Assembly in the Thirty-seventh district; A. T. Smalley, aspirant for the same position in the Forty-first district; and George Hines, candidate for the State Senate.

There will be musical features also, among the soloists being Mrs. Bessie Salina Ralston of San Francisco, who will be accompanied by Ella Howard Numan and Mrs. Mabel Forrester Price of this city, who will be accompanied by Mrs. Rust.

The following resolutions have been adopted by the West Oakland Republican Club, of which D. M. Boyle is president and G. M. Lawlor secretary:

Whereas, M. J. Kelly, treasurer of the county of Alameda, has announced his candidacy for re-election; and

Whereas, during his eight years' service as county treasurer he has shown that he possesses every qualification necessary for a position of this importance; and

Whereas, by conducting his office in such an efficient manner we believe that his reelection is entitled to the support of Alameda county; therefore be it

Resolved, That we, the members of the West Oakland Republican Club, heartily endorse the candidacy of M. J. Kelly for county treasurer, and pledge ourselves to work earnestly in an endeavor to re-elect him by a deserving majority.

Last night's Republican meeting at Plymouth Center was attended by many of the candidates who are running for office, not only on partisan, but non-partisan platforms. Louis S. Gear officiated and introduced the speakers to the audience. The speakers were Philip M. Walsh, Republican candidate for Congress; T. C. West, for the State Senate; Montell Taylor, who is running for the Assembly in the Thirty-seventh district; A. T. Smalley, aspirant for the same position in the Forty-first district; and George Hines, candidate for the State Senate.

## WITNESS TELLS OF LIEGE BATTLE

Describes Fight of the Belgians  
Against Forces of  
Germany.

LONDON, Aug. 8.—The only man who has yet got back to London after witnessing the first attacks of the Germans on Liege, Benjamin Lieke, a member of a Belgian zinc firm, who returned here yesterday after traveling forty-eight hours without food. Here is his story:

"The Germans had their big guns far away across the River Meuse, out of sight. A small detachment came in with a white flag. It was General von Emmich, the German commander, who came to demand the surrender of the city, saying he merely wanted a free passage for his troops and would not hurt a soul, but be friendly with everybody and pay cash at the people's own prices for everything that was needed."

"When General von Emmich, after talking of Waterloo and how the Germans had practically given the Belgians back to the power of the German army as known to be irresistible, the Belgians stiffened on their feet."

"But when he started saying what would happen to every Liegeois if the city did not at once do as the Kaiser required, he was curtly told his request was refused, and the Belgian officers moved away, breaking off the interview."

"General von Emmich had barely ridden to the power of the German army as known to be irresistible, the Belgians stiffened on their feet."

"The next hour was, I think, the best, I have ever seen. Women and children weeping were hurled away in every possible kind of vehicle, and many on foot, staggering along, trying to run and hardly able to walk because they were carrying so many things. The men, and many women too, were taking up positions to which they were sent by those who were in charge. Soldiers were hurrying at the double to their positions."

"From tops of houses, from the battlements of the city, in fact, because the city is on a hill, German troops could be seen approaching. Just as the first line came into view the guns of the German artillery, posted somewhere far behind them, started booming. Shells could be heard coming as they hummed through the air. They were not aimed at the city, but at the forts which lie in a crooked line some distance out."

"Some of the shells went wide and were buried in the earth. Some hit the forts, but buried themselves in the sand, and others and spluttered out. The forts did not reply. Ahead of the German column galloped some wagons. They pulled up alongside the river near the wreckage of the blown-up bridge. The soldiers looked in the distance like busy ants as they walked along the river, carrying their wagons to pieces, and throwing the bits into the river. Other men picked up little while a pontoon bridge began growing in jerks across the river."

"Then the battle began. The Liegeois did not first attack the Germans, but could not be seen, but waited for the troops. The slaughter was terrible."

## "NEPTUNE'S DAUGHTER" IN FINAL EXHIBITION

Neptune's Daughter will be shown today and this evening at the Macdonough theater for the last time. There will be four exhibitions of this exquisite color film, the first show beginning at 1 o'clock.

Annette Kellerman, the celebrated swimmer, equally noted for beauty of form and grace of movement, plays the leading part in this picture, and a new world is unfolded to the audience as she performs her daring aquatic feats. Old Father Neptune never had a fairer daughter, nor a more bewitching one. Environment has largely to do with the coming of this picture, and it is a play which has for setting the wonderful Bermuda coast, with its curious formation, lending itself so admirably to Miss Kellerman's achievements.

After a most pleasurable witnessing this picture for the last time, the audience will be long not to be overlooked. While the Bermudas, with their perpetual verdure, tropical fruits and soft climate, are a favored resort of people of means, and as both sides can be seen from the theater, it is a play which is more realistic, and will enable them thoroughly to acquaint themselves with the many advantages of these possessions of our British Empire.

Tonight, between the hours of 8 and 8:30 o'clock Captain John D. Fredericks, Republican candidate for Governor, will make a speech to the audience, after which, promptly at 8:45, the pictures will be exhibited.

## W. O. W. TO CROSS BATS AT ITALIAN BASEBALL

HAYWARD, Aug. 8.—War in the Italian baseball field, there are scores of Italian players, and the Italian baseball game of San Lorenzo Old Orchard Camp, Woodmen of the World, George Meleis and Frank Rose have forced "war" on the defenders of the same of Cypress Camp, Hayward. The challenge has been taken up and now only the people of the two communities are awaiting the outcome of "hostilities" with bated breath.

The Cypress Camp have shown their mettle in strenuous encounters against rival exponents of Italian baseball, and as both sides can be relied on not to show the white feather, a battle royal is assured. The two camps are now marshaling their forces for the final struggle, which will be waged some time this month.

The "war indemnity" will consist of an oyster supper.

# Society News of the Week

and was entertained a great deal in Oakland where she has many friends. Mr. and Mrs. Jorgensen left for Paris immediately after their wedding in San Francisco last month, and will live abroad for the next two years while the former pursues his architectural studies at the Beaux Arts.

## SOLDIERS GO, BUT TRAVELERS HOMING.

"Hail and farewell!" The latter was our parting greeting for many weeks of the early summer and now we are changing it to "Hail to the returning traveler" is the slogan in the air.

Many of the travelers this year would gladly be home again—now that the clash of arms resounds throughout Europe. Home has never looked so dear, one's native land so altogether desirable as now when one cannot reach it.

Among those from our side of the bay who are abroad this summer are: Mrs. Daniel Easterbrook, Miss Emily Smith, Mrs. C. C. Clay, Mr. and Mrs. Harry East Miller, Mr. and Mrs. Wallace Alexander, Mr. and Mrs. August Schilling, Miss Elsie Schilling, Miss Beatrice Simpson, Mrs. John C. Black, Professor Ames, Paul Steindorf, Miss Marie and Miss Lillian Touchard, Mrs. Glenn and the Misses Carmelita and Helen Glenn, Professor and Mrs. Gayley, the Misses Mary and Betty Gayley, Mr. and Mrs. Charles Minor Goodall, Miss Helen Goodall, Mr. and Mrs. Vernon Waldron, Miss Marjory Waldron, Miss Coakley, Mrs. Ben Woolmer, Miss Constance Metcalfe, Mrs. Frederick Samuels, Mrs. Clarence Crowell, Mrs. John McNear, Mrs. George McNear, Jr., Miss Esther Church, Miss Janet Peck.

Mrs. Esterbrook was to have been in Paris in August and she planned to arrive in Oakland in September. Mrs. John McNear is the guest of friends in London and she is safe with them and will probably remain with them until late in the year.

Miss Janet Peck makes her home in London and she is always very kind to visiting Americans. She is a sister of Orrin Peck and of Mrs. Frederick Sanborn.

Another American woman who is especially kind to her country people is Mrs. Thornburgh Cropper. Mrs. Cropper was formerly Minnie Thornburgh and the old family home occupied the site of what is now the Claremont Hotel. Mrs. Cropper has lived many years in London and is well known in smart set circles.

The Gayleys intended to go first to Paris, as Miss Mary Gayley planned to study in a studio there.

Dr. and Mrs. Maurice are in Vienna, where Dr. Maurice was to have spent some months in research work in the large hospitals there.

The Misses Mott, who have been abroad for a year, are in England and are safe with friends there.

The war in Europe has changed the whole aspect of affairs abroad and tourists now are concerned with getting out of danger lines just as soon as they can.

## LATE VACATIONISTS NOW SEEK RETREATS.

Among those who have chosen to take late vacations this year are Mr. and Mrs. Charles Leonard Smith. They left on Wednesday for Fort Seward in Humboldt county and are planning to spend several days in the heart of the magnificent redwood country.

Mrs. A. C. Posey is also leaving town for a vacation of some days. She will visit friends in Sacramento and later she will spend some days in the mountains. Mrs. Posey has now thoroughly organized Alameda county for its share in woman's work in the coming Panama-Pacific Exposition.

The committees have been named, the chairmen have been assigned and the county is perfectly organized, with affairs well in hand and leading women everywhere interested in the work.

Captain and Mrs. Mathews and Mr. and Mrs. Arthur Holland returned recently from a motor trip to the south, they motored to San Diego, and in their three weeks' stay in the southland they visited Santa Barbara, Los Angeles and San Diego.

Mrs. Charles Palmer returned to town recently after an enjoyable visit

to the Silas Palmers in Menlo. Mrs. Silas Palmer was formerly Miss Olive Holbrook of San Francisco.

Edward M. Greenway has gone to Del Monte to spend there some interesting midsummer days. It is hoped by the guests at Del Monte that he will inaugurate there the new dance he learned at Paris, the Lulu-Pada. It is a Portuguese dance, which has been greatly in vogue in Paris and Mr. Greenway introduced it at Tahoe this summer, where it became very popular.

## HOME PARTIES ARE POPULAR AS EVER.

Dinner giving is always specially popular in the late midsummer. Abroad dinners are often given in the open air, and Californians are largely beginning to profit by French methods of out door entertainment. One

"Whether the dinners of the season have been formal or informal, great or small, French or otherwise, they have been followed by dancing. The smartest of small, Parisian din-

ners were followed by a waltz for which a number of guests who were not at the dinner were wont to saunter in as the evening progressed.

Indeed, so adept in amusing themselves have the French men and French women become that the fad of having professional dancers, or entertainers of any kind, for that matter, come in after dinner is a thing of the past. Aside from their inclination to do their own dancing and entertaining generally, the custom of patronizing professional entertainers has fallen with disfavor because of its arid adoption by the newly rich.

Any wealthy new comer could bring forth a Caruso or a Farrar in this way draw to himself guests, who might otherwise have thrown their invitations into the waste basket.

Madame Poincare is one of the first dinner hostesses in France, and she

is always exquisitely gowned. She has among her jewels some of the most beautiful pearls in Europe.

Among the Newport dinner hostesses of note is Mrs. William K. Vanderbilt, Jr. She gave a dinner last Sunday at the Clambake Club for eighty guests, with music and wonderful floral and electrical displays.

Mrs. Oelrichs will give a dinner next Wednesday at her Newport home, "Rosecliff," her guests later going with her to the wonderful floral ball at the Crossways. The women invited by her having made wonderful costumes representing flowers; the men will go as gardeners and farmers.

Among the largest winter parties recently on our side of the bay was that given last Monday by Mrs. Thomas Mein, at her home on Jackson street.

It was a very elaborate dinner, the guests of honor being Mr. and Mrs. William Ralston, and Mrs. Helen K. Williams. Mr. Ralston was a very dear friend of the late Captain Thomas Mein.

Many guests were invited to the party the other night where a man hummed "I Love the Ladies" from 9 o'clock till 1. It was good news, but it grew tiresome. Don't touch one card in dummy and play another; don't look over the adversaries' hands, when dummy, and don't form the habit of looking back for the no-trump aces."

## NEW WRIGHT HOME TO BE OPEN SOON.

One of the large receptions of the coming season will be given by Judge and Mrs. Harry Manville Wright, the one that there are two things I have long been meaning to ask my readers not to do. One is to look into the adversaries' hands, when dummy; and the other is to run all over the

of the Tudor architecture, and the view from the hill slopes on which it stands is probably unsurpassed in America. The Wrights are planning to evolve most picturesque grounds, and in an ideal spot will be the tea house in the heart of this quaint English garden.

There is to be "a moat," which sounds beautifully medieval, and in the moat are to be bordered by lovely pond lilies.

In about two months the home will be finished, and Mr. and Mrs. Wright will entertain many friends in the late autumn and winter.

tricks at the end of a no-trump hand, in order to see who held the aces. Never have I done either of these things, even long ago as a beginner; I realized that though I couldn't play, I could at least refrain."

And that reminds us of another thing. Hostesses want to be very nice indeed to guests, and so they have a way of passing from table to table, exchanging a few words here and there with friends—instead of having her apparent kindness appreciated, she is only a nuisance to the players, and of course they resent her looking over their shoulders, as they play. It has cost many a player

## "BOOK OF DON'TS" FOR BRIDGE TABLE.

Almost every one who plays bridge is trying to be an expert at it. These days, though most people are too lazy to come down to hard work and to learn those rules which reduce bridge to a science.

One might write a book of "Don'ts" in regard to bridge, and Florence Irwin, the New York expert, has tried to point some of them out to us.

"Don't pick up turned tricks; don't hum, or drum, or whistle; particularly, don't hum or whistle the same

A thoughtful hostess recently established herself comfortably with a new novel in full sight of her guests. They gave a sigh of relief. They knew they would not be called upon to entertain her, while they were playing cards in her home.

Another most distracting thing in playing cards is "the dummy game." Some women, who are dummies, entertain themselves by watching the cards in the hands of players on both sides of them. Perhaps for worlds "the dummy lady" would not give information in regard to the cards—but sometimes her expression

tune all evening. I went to a bridge party the other night where a man hummed "I Love the Ladies" from 9 o'clock till 1. It was good news, but it grew tiresome. Don't touch one card in dummy and play another; don't look over the adversaries' hands, when dummy, and don't form the habit of looking back for the no-trump aces."

And again Miss Irwin tells us: "Speaking of the positive suits brings my mind back to various things of which I have heard and read. I have long been meaning to ask my readers not to do. One is to look into the adversaries' hands, when dummy; and the other is to run all over the

conveys a great deal more than she thinks she is expressing. Bridge players play the best game they can, but they may be excused for being nervous when other people watch them at it.

## OAKLAND'S BOYS & GIRLS

### PHONETICS IN LOWEST GRADES IS NEW PLAN

Instruction in phonetics will be given in the reciting classes of all the grammar schools of this city. Selections from the state second reader and supplementary readers will form an important part of the reading course in the first grade of the schools. The alphabet will be memorized in the primary class.

In the first grade the little folk will be required to undergo physical training. This branch will include breathing exercises, outdoor exercises, study movements of the arms and legs, sitting and standing correctly, plays and simple folk dances and games.

Manual training work will also be introduced to the first grade pupils. They will be taught to weave on disks, to make baskets, hats, fans, purses and Christmas bells.

In the music course, simple songs will be given to unify the voices. The lessons will be conducted by special supervisors of music.

"Mother Goose" rhymes will constitute the work in the poetry branch of study. This will be combined with narrative of the peoples of the various countries.

Individual attention will be given to the tots in the reading subjects. Mechanical work will be discouraged and there will be frequent drills in phonetics. Oral English will be given in the compositions, when the little folk will select for their topics, conversations about their pets and their toys.

### Rivals Her Daughter in Youthful Beauty

A well known society matron whose daughter is so well known for her beauty is reported to have a rival in her own person. This is what keeps her so young-looking. She is a woman of 71 years of age, but she looks like a girl of 20. She is a woman of 71 years of age, but she looks like a girl of 20. ### Lad Is Art Critic Painter's Favorite

CHESTER KIMBALL.—Keith Photo.

Though he is only three years of age, Chester Kimball, son of Mr. and Mrs. C. Kimball, of 510 Mead avenue, is a favorite subject of the local artists. The lad is artistic and is a lover of pictures. He has already shown an appreciation for the paintings of the masters of the world and admires photographs in story books.

Chester often visits the Oakland playgrounds, where he joins in the ring games and enjoys the swings and slides. He is a robust lad and is very bright.

### GIRLS' ATHLETIC CLUBS TO COMMENCE PRACTICE

Girls of the various athletic clubs of the Oakland playgrounds will soon commence to practice for the contests to be held this season. The dates for the athletic field meets and the festivals for the girls of the playgrounds have not as yet been announced.

Practicing will be arranged for the girls who have attained the highest standards in the athletic and playground work. The black letter emblem will be presented at the close of the season. While the girls engage in the relay races, the team games and the walking trips, they are not permitted to wear high heels or tight clothing. The athletic club has been limited to ten members. The Junior group will admit girls between the ages of 9 and 12, while the senior club will restrict the young people between the ages of 12 and 18. The members of the athletic club have a perfect record in attendance for a year.

## Forsake Society to Become Nurses Society Leaders of U. S. Giving Aid to Soldiers of France

AMRS. Aug. 8.—American women are, as usual, foremost in the work of preparing for the care of the wounded. Mrs. Van Alan Shields is organizing a Red Cross corps at the American Artists' Club.

Mrs. W. K. Vanderbilt's preparations to receive the wounded from the war at her private hospital have been delayed by her constant attendance on Mrs. Sands, who is ill of pulmonary troubles, but she is now devoting all her leisure to the hospital work.

Mrs. Herrick, wife of the United States Ambassador, Mrs. Potter Palmer and Mrs. Francis Carroll, a daughter of Mr. Putnam, have agreed to be associated with the American Red Cross.

Dr. Magnin, the originator of the movement for an American Red Cross hospital, said that practically every American society woman in Paris is coming forward to act as a nurse. One of the first applicants was Mrs. Caroline Frank, aged 77, who served throughout the Franco-Prussian war.

STANFORD GIRL TO BE CLAIMED AS A BRIDE. STANFORD UNIVERSITY, Aug. 8.—Miss Dorothy Gunnell, one of the most accomplished graduates of Stanford University, will be married on Monday at the home of her mother, Mrs. A. J. Gunnell, on Kingsley avenue, Palo Alto, to Olaf Pitt Jenkins, son of Prof. Oliver Peabody Jenkins, of the Stanford University history and physiology department.

Miss Gunnell graduated last spring with high honors. She was editor of the "Stanford Sequoia" during the last year, and a member of the Cap and Gown Society, English Club and Phi Beta Kappa fraternity.

Jenkins is a graduate of Palo Alto High School and registered in geology and mining at Stanford. The couple will make their home at Nashville, Tenn.

### DANCING GIRL CAUSE OF REVOLVER FIGHT

NEW YORK, Aug. 8.—Some excitement attended the adjournment of Robert Kelly's annual benefit in a saloon at 107 Broadway street, last night. Kelly, a dancing girl, was the cause of a shooting.

The police reserves were called and there were ambulances from two hospitals. This wasn't enough to celebrate the occasion, so Mrs. Annie Oliver of 334 Pearl street, turned in a fire alarm to get help for her husband, who had been shot in the leg. Oliver was arrested on suspicion and taken to the Volunteer Hospital.

Oliver, received three bullets in his thigh, one of which is thought to have entered the abdomen. He is at the Hudson Street Hospital.

The shooting was caused by a fight between Kelly and a man who was shot. Kelly, 96 Washington street, 42 year old, Charles Nelson, 338 Henry street, William Barry, 274 Hicks street, all of Brooklyn, and a man who refused to give any information about himself, were also arrested.

## Society

The lounge of the Hotel Oakland was gay with many tea parties this afternoon following Miss Virginia Marvin's exhibition of dancing in the ballroom. There were many lovely gowns worn and the flower-decked tables presented a bright colorful scene.

One large table was the center of interest where a group of charming children with their mothers for chaperons, were entertained by little Miss Frances Brown, daughter of Mrs. Herbert Hamilton Brown, who was one of the patronesses of the afternoon. Mrs. Brown presided at the table where covers were

Abbott, Mrs. Walton Moore, Miss Elizabeth Moore, Mrs. John C. Brittain, Miss Hatherly Brittain, Mrs. Sumner Loop and Mrs. Harold Havens was the attractive hostess at another table, and Mrs. Hugh Webster entertained Mrs. Willard Williamson and several others.

Members of the Alpha Chi Omega society, of which Miss Marvin is a member, were a merry group at a large flower-decked table in one corner of the lounge.

Mrs. Harry Lind of San Francisco was the guest of Mrs. Joseph Coryell at S. Lockwood, Mrs. McLaughlin, Mrs. Henry B. Nicholls and a number of Miss Marvin's Berkeley friends, who were present at the dancing exhibition.

MRS. HENSHAW PLANS VISIT. Mrs. Tyler Henshaw will leave next week for Portland, where she will visit her father, Colonel A. M. Harrington, and where she will be the inspiration of many entertainments. Mrs. Henshaw was prominent in Portland society before her marriage brought her to Oakland to live.

Earlier in the summer Mrs. Henshaw was the guest of Mrs. Joseph Coryell at Monterey, where the Coryells are occupying the attractive home of Charles Dickman until September.

Mrs. and Mrs. William Haydock Fillmore are still at the Tyler Henshaw home but their new residence in Crocker Terrace is nearing completion and they will move into it in the fall.

AT BOHEMIAN GROVE. Horace Miller left yesterday for the Bohemian Grove where he will spend the week-end and attend the mid-summer picnic this evening. Among other well-known Oakland members of the club who will be present at the picnic are George W. McNear, Louis Macdermot, Fred Hall, Arthur Goodie, Tyler Henshaw and William C. Henshaw.

IN NEW YORK. Mr. and Mrs. Wallace Alexander arrived in New York today from London, where they have spent the past few months. They will come directly to California and will re-open their home in Piedmont. The travelers will be given a cordial welcome as it was feared for a time they would be marooned in England.

Professor William Dallam Ames is also in New York, en route to California, having arrived Thursday.

PLAN DINNER DANCE. The Ladies' Relief Society that gave such a successful dinner dance at the Hotel Oakland in May, are planning a second "dinner dance" to be given in the ballroom of the Hotel Oakland Hotel in the second week of October. It will formally open the season for society and

know, one of the most successful places will not be closed until later in the month.

The Capelli are still at Piedmont and they have an ideal home there for entertaining. A few months ago a large ballroom was added, and as all the members of the family are good dancers, there are many impromptu affairs, in which they and their neighbors have most enjoyable times.

Miss Gertrude Adams has entertained many guests in her home at Brookdale this summer, and Mrs. Sylvanus Farnham has entertained a great deal, many of her guests being chosen from among the army people.

Mrs. Remi Chabot intends to return to town earlier than usual, and meantime her children and grandchildren are with her a great part of the time at Villa Remi.

The Harmon Bells are still away at Castella, and among those who have planned house parties for August days are Mrs. Frank Proctor, Miss Marguerite Doe, Mrs. Walter Scott, Mrs. Egbert Stone and Mrs. William Miller Graham.

But by the middle of August, it is expected that many of the homes in the Santa Cruz mountains will be closed, and that many prominent people will have returned to town—after all—even though it has been vacation time—glad to be "at home."

TO DELIVER LECTURES. In a series of recitals, W. H. Head, professor of sacred oratory in the Western Theological school of Chicago, will appear at the Myrtle-street Congregational church of this city, commencing tomorrow evening. "The

repertoire to be given at the Myrtle-street Congregational church are the following books: "Job," "The Song of Solomon," "Ester," "Old Testament Stories," "The Lost Word," "Dr. Jekyll and Mr. Hyde," "The Christmas Carol," "The Other Wise Man" and "The Sign of the Cross."

JUMPED ROPE: DIES. UNION HILL, N. J., August 8.—Six-year-old Filomena Aurelio is dead at her home here as the result of jumping a rope 30 times. After making her three hundredth jump the child fell unconscious. Dr. Arthur Justin was unable to revive her.

CITRO-LAX! CITRO-LAX! CITRO-LAX! You that. And the nicest hot weather drink you ever tasted. Flashes thoroughly, and pleasantly, too. F. C. Chrysler, Syracuse, N. Y., says: "Have used Citro-Lax for 15 years, but this Citro-Lax has got everything else beat a mile." You will agree with him. Specially nice for children and delicate persons. Sweets a sour, bilious stomach very quickly and gives a healthy glow. Sold everywhere.

## Beautify Your Children

(By Lillian Russell)

THIS number of children who are educated today without any real knowledge upon any one subject is appalling. Not one out of a hundred of them is fitted for any occupation requiring skill or special knowledge. Thousands are sent to school because the law compels them to acquire a certain amount of education and for no other reason.

It would seem that parents resent compulsory education, so little interest do they show in the children's studies. Thousands of parents do not care what their children

only waiting for them to arrive at the age when they can be thrust into some sort of remunerative occupation to "help the family," as they call it. It is of no interest to them whether their child enjoys the work he or she is put to—that is rarely considered, for they reason that, being in any business in any capacity teaches business. According to one woman's reasoning, that the business she is in for five years can, as efficiently, be an accountant in the office.

The teachings of Froebel should be followed in this country. Real civilizing culture is attained only by taking a firm grip upon realities at some particular point. A Jack of all trades is a master of none, but a master of one trade is in a fair way to become a master of many.

Mothers should have, and do have, the interest of their children at heart. They bring them up from babyhood and plan their future while they rest their beautiful little sleeping heads upon their breasts. If it were left to the mothers alone their children would, each and every one of them, have an education suitable to their tastes and physique.

Each parent should make it their duty to see that their children are not denied their inalienable right to learn something useful in this world.

Remember: All the gifts of nature are of no use if misapplied.

Answers to Queries.

D. W.—The peroxide and ammonia should be applied twice a day. I cannot recommend an operator of the electric needle to you, but there are several good ones in the city. Any reliable beauty parlor will remove superfluous hair with the electric needle. If the growth of hair is light you can easily remove it with the peroxide and ammonia, but if it is heavy by all means have it removed with the electric needle, for nothing is more destroying to beauty than a dark heavy growth of superfluous hair on the face.

O. J.—Your troubles require massage of the whole face, and as the directions for massage are too long to print I will have to ask you to send me a stamped addressed envelope for a personal reply. I shall also send you the formula for skin food to use with

MRS. F.—I am sorry, but I know nothing that will curl the hair permanently. Why don't you try doing your hair up on the old-fashioned curl curlers. They give the hair a pretty soft wave. You might dampen it with a little evanescent fluid before doing it up. This will keep it in curl several days. I shall be glad to send you the formula for the curling fluid if you will send me a stamped addressed envelope.

MARIE W.—If your ankles swell I should say it was caused from some internal trouble or from the low shoes. Try wearing high shoes for awhile. Stop wearing pumps where there is no support for your ankles. Your ankles may be weak. I would also advise you to consult a physician, for there may be some internal trouble.

H. M.—I do not think lime water would reduce flesh. I have never heard of this treatment.

BROWN EYES—Vinegar is excellent for your trouble. Dip your head in hot vinegar as hot as you can stand. This will kill the vermin and will not injure the hair. It will not turn the hair gray.

## Madame Isebell Says

New Fashions Demand Better Physical Training

LESSON XII—PART I. Exercises for Physical Culture. The most convenient time for doing exercises is in the morning before dressing or just before retiring. This does away with the necessity of doing exercises at noon. The best results cannot be obtained while wearing corsets or any form of heavy clothing. The exercises I am about to undevelop, they liberate the body, bring into play unused muscles, increase breathing capacity, tone up the nerves and bring up the general health of the body. They will also give grace and elasticity of movement.

This latter point is particularly important. Even when the new styles in gowns call for a corresponding change in movement, walk and attitude. Remember that it is only the woman whose body is in correct poise that can stop gracefully and that attitudinizing, graceless and attractive when the muscles are in perfect training, becomes stiff and awkward when the body is not responsive.

Only Ten Minutes. These exercises can be done in ten minutes, night and morning. They will correct physical work entirely, they call into play muscles that have not been used. Do them with your mind as well as your body, get the fullest measure of good out of them, and as you note improvement day by day, you will find them more interesting.

Begin the day with the breathing exercises given in Lesson X. Follow with Ex. A. Stretching. Stand with face against wall or door, chest touching. Arms at sides to above head, palms flat on floor and stretch the arms higher and then still higher; drop arms at side and heels on floor. Repeat this not less than ten times.

Ex. B. To Liberate and Strengthen Shoulder Muscles—Lie flat on floor, face down, feet together and arms at side. Raise both chest and entire torso as high as possible, turning head first over right shoulder and then over left, slowly and as far as possible. Feel the working of the muscles across the back. Repeat this ten times to right and ten times to left.

Lesson XII to be continued.

71-YEAR-OLD FATHER BLACKENS SON'S EYE

PATERSON, N. J., August 8.—"Judge I just had to lick that boy of mine when he began to sass me. I won't stand for me."

William Pratt, 71 years old, appeared before Judge Young and explained why he whipped his 45 year old son, Thomas. Thomas' eye was blackened and his nose was swollen.

The court added to the penalty by imposing six months' sentence on the "boy."

# Some People Talk Without Thinking Twice

¶ The man who indulges in easy criticism of the church, sneering at the institution, questioning the sincerity of her ministers and priests, and impugning the motives of her members, boasts that he is "as good as the people who go to church," and that he doesn't need the church. For his part the whole organization of Christianity might be eliminated from society.

¶ The man who talks thus is not weighing his words. Closer study would show him that the entire body of our modern life is woven through and through with the influence of the church, even as veins and arteries thread the human physical structure.

¶ To take away the church would be to eliminate much that is vital in literature. It would remove the character-shaping part of education. Youth would be robbed of its ideals and old age of its comfort. A thousand benevolent

institutions, orphanages, hospitals, asylums, schools and reformatories would be closed straightway.

¶ Religion is the saving salt of society, as all mature thinkers admit. Oakland would not long be a fit city to live in without the church.

¶ Now, if all this be true—and it is submitted to the reader's judgment as merely suggestive of a vast field of speculation—then the obligation of every good citizen to conserve the church becomes apparent. For is not neglect as unfriendly an attitude as opposition?

#### SUBDUING PRISONER, PATROLMAN IS HURT

SAN FRANCISCO, Aug. 8.—While battling with an obstreperous prisoner in the elevator in the Hall of Justice early this morning, Patrolman Howard Tiersan had his foot caught between the car and the floor of the prison. His right ankle was lacerated and crushed and he had to be taken to the central emergency hospital for treatment. The man in custody, who had been apprehended for intoxication, as soon as he was placed in the cage and it shot upward he struck Tiersan in the face. The elevator operator tried to pull him away and Tiersan seized him about the waist. With almost superhuman strength he hurled the patrolman toward the shaft and before the latter could recover himself his foot had caught in the jam.

#### PATIENT IN DELIRIUM TEARS OFF TOE NAILS

SAN FRANCISCO, Aug. 8.—Philip Hoffman, a patient at the detention hospital, inflicted horrible injuries upon himself early this morning, when, during a fit of insane raving, he pulled off his toe nails. His cries, following the laceration of his feet, caused by digging his finger nails into the tender flesh, attracted the steward and to prevent him from doing further injury to himself he was placed in a straightjacket. He became so incensed at this treatment that he threatened to bite off his tongue. He had started in with this in view when he was given a sleeping potion with the hope that on awaking his spell of violence would have passed. He was taken to the hospital from Twenty-second and Mission streets shortly after midnight.

## Read The Tribune for Reliable News of War

During the struggle between the nations of Europe that is now occupying the attention of the entire world and in which every person, no matter of what clime or country, is manifesting the most intense interest, THE TRIBUNE'S war news will be the best that comes over the wires. It is being gathered and will be gathered by the Associated Press, the greatest and most reliable news collecting association on earth, which has a corps of the best trained men available at work at great expense, in all the countries affected.

So confident is THE TRIBUNE of the ability of the Associated Press to thoroughly cover the field and get the information ahead of any and all competitors.

PETITORS that this paper has refused to take any other service, although several have been offered. The Associated Press has the ablest correspondents in the world and in this crisis is working with the leading news agencies of Europe in compiling the best and most reliable reports.

THE TRIBUNE is happily situated in this respect, having the only Associated Press reports in the City of Oakland. These reports reach THE TRIBUNE first and are received at a time of the day when the activities of the armies over the ocean are closed, for it must be recalled that when it is twelve o'clock noon in Oakland it is nine minutes after eight in the evening in Paris, so that THE TRIBUNE'S STORIES MUST OF NECESSITY BE THE VERY LATEST CONCERNING THE DOINGS OF THE DAY IN THE WAR.

THE TRIBUNE is perfectly willing that newspaper rivals in Oakland and Alameda County shall steal its news, for the reason that they have no other sources of information and are therefore unable to inform their readers as to the latest events across the ocean until this paper has appeared on the street. THE TRIBUNE'S news comes to it direct by its own wire in the office and is simultaneous with the news received by the other great papers with the country enjoying the Associated Press membership. It is the only paper in this county holding this privilege; the only paper that can hold it, and it is a matter of congratulation by THE TRIBUNE to its readers that it can extend to them such an extensive report.

During this war there will be many rumors sent out from various places, and while some of these may not later be verified, these will be published, because they all go to make up the information gathered across the water, but in all cases these rumors will not be fakes made up in New York's offices, or garbled statements compiled from unreliable sources; they will be the statements of the Associated Press, the most reliable collector of information on the face of the earth.

## FRANCO-PRUSSIAN WAR IN 1870 AND ITS CAUSES.

According to Larned's history, the immediate cause of the war between France and the Prussians in 1870 had its direct foundation in the driving of Queen Isabella from the throne of Spain and the reputed offer by the cortes of the crown to Prince Hohenzollern, a relative of the King of Prussia. Isabella had been compelled to seek refuge in France, where she was cordially received by Napoleon III, a descendant of the original Napoleon, but as Isabella was in ability as day is from darkness.

The information of the offer and acceptance of the cortes proposition produced the utmost excitement and indignation among the French people, more especially the monarchist class. The press called upon the emperor to prevent the outrage even at the cost of war, and, although Napoleon's misconduct of his government had destroyed the unity of his people and had invited the antagonism of other nations, for the time all the papers and the political leaders became united and both elements vied with each other in showing their dislike of the Iron Chancellor, Bismarck, one of the greatest men ever produced by any country, who was blamed for the arrangement. Through the press it was asserted that King William of Prussia had insulted the French nation through its ambassador, and while it was soon after disproved it was shown in the end that the government had determined on a war with Germany at any cost, and the alleged cause growing out of the talk about putting a German prince on the throne of Spain was but a pretext for bringing this about.

Napoleon III was no better soldier than he was a blacksmith, and he never was a blacksmith except when he tried to be a soldier, so when he assumed command of the army and left Eugene to act as regent, the struggle was short. The strife began July 19, 1870, and ended February 26, 1871, with Napoleon a prisoner, the termination being one of the most humiliating ever imposed by one nation upon another. Bismarck demanded the cession of the provinces of Alsace and Lorraine and the fortresses of Metz and Belfort, and while Thiers struggled as best he knew how, Bismarck won, with the exception of Belfort, later ceded back to France. The area of Alsace and Lorraine is about 5604 square miles, with a population at the last census of 1,814,564.

But this was not all. Bismarck demanded an indemnity of five milliards of francs, or five thousand million francs, or one thousand millions of money as reckoned in the United States. One-fifth of this was to be paid in one year and four-fifths in three years, the deferred payments carrying interest at the rate of five per cent. In addition Bismarck insisted that Paris should be occupied by the Prussian army as a further humiliation and that a large portion of the country should be held by Prussia until the indemnity be paid.

But France paid the indemnity. By the issue of "bluebacks" for home currency she supplied her monetary wants and devoted all her energies to liquidating her debt, and did so in an incredibly short space of time.

The war resulted in the overthrowing of the empire and the establishment of the third republic, and since then France has been preparing for another struggle. The French have never forgotten the loss of Alsace and Lorraine and the harsh terms imposed in the matter of indemnity. In the event Germany is defeated in the present war—and the prospects at this time point strongly to such a conclusion—France will undoubtedly demand the return of her provinces, and if permitted by the other powers, will demand an indemnity of an amount calculated on the basis of the 1870-71 war.

The war of 1870-71 found France unprepared for war. Bismarck, a wise old man that he was, visited Paris in 1865 and noted that Prussia had nothing to fear. Hence, when the struggle broke out it was short and decisive. King William, aided by the loss of Alsace, prince of soldiers, simply overwhelmed his enemy. But in this case France is prepared, and while her

army is not so large as that of Germany, aided by the other powers who have been forced into the strife, the prospects for France are brilliant and for Germany correspondingly gloomy.

It looks as if the kaiser and his counselors have undertaken a task far beyond their ability and that when the smoke of battle has cleared away, poor Germany, meaning the men and women who make up its people, will suffer as much in the payment of money and the loss of territory as they will through the destruction of property, when once the real invasion of her territory begins.

The loss of life is not counted upon. That is irreparable. The young men who are dying daily and hourly to gratify the ambition of a monarch crazed with war fever and anxious to leave a name for historians to write of and a figure for sculptors to enbalm in marble and bronze, can never be replaced.

The open season for the dove of peace seems to have no limit.

A scientist claims he can make a crab in a laboratory. That's nothing; we have seen the acquisition of a few dollars transform a youth into a lobster without any chemical process whatever.

All the squabs in the nest of the dove of peace appear to be squabbles.

## TREASURER KELLY HAS RECORD FOR EFFICIENCY.

County Treasurer M. J. Kelly has held the place for eight years and is a candidate for re-election. Upon first taking the office Mr. Kelly instituted a number of needed reforms in the method of handling trust funds and in the general conduct of the office. He simplified matters with respect to bookkeeping and systematized the work so that results were more easily obtainable and less effort was required to arrive at conclusions of fact with respect to moneys on hand.

During his term the records have been so well kept that the expert accountants employed by the grand jury have commented favorably upon them, the last grand jury commending the work in the following language:

"The general consideration of the records of the County Treasurer's office has evinced a most excellent and efficient condition."

In addition to his record as an official Mr. Kelly is known as a man loyal to his friends, of exemplary habits and one who gives strict attention to the duties of his position. He has always taken a lively interest in civic affairs and is known all over Alameda County, where he has thousands of friends who propose making an effort to elect him at the primary contest. An effort which looks very much as if it would be successful, for his support is well organized, and is and has been doing very effective work.

If this result should be accomplished there will be satisfaction in every part of the county, for the record Mr. Kelly has made in handling the millions of money paid in for taxes and through other channels during his incumbency is without a flaw.

At the time P. N. Hanrahan, the saloonman at Twelfth and Broadway, and J. W. Thomas, who keeps a place at Seventh and Washington, were accused before the council of having sold liquor to Clarence Shea, the 16-year-old boy who killed himself at the home of his sweetheart while in a state of intoxication, THE TRIBUNE said Hanrahan's license would not be revoked because the council DARE NOT take such action because of his political "pull." It will be recalled that Hanrahan's bartender sold this mere boy the first drink. THE TRIBUNE has been justified in its statement. Yesterday Hanrahan was fined \$150. THE TRIBUNE was justified in its second prediction that Hanrahan, the man with the "pull," would get off easy, while Thomas would suffer most. Thomas was fined \$500. Great is political influence in Oakland.

Perusal of the country press indicates that old "Present Incumbent" is just as anxious for re-election as he ever was.

When the question of mobility is considered, Mexico's capital seems to have touring cars discounted; it is anywhere Carranza hangs up his hat.

## Twenty Years Ago Today

The new officers of the Home Security Building and Loan Association are as follows: Jacob Greenwood, J. Tyrrel, W. Whitman, J. S. Burpee, G. T. Burtshell, M. W. Lipton, W. H. Friend, C. E. Palmer, F. A. Leach.

The State University will open its doors to a freshman class whose number is estimated at 500. Of these about 400 will be regulars, and the remainder special and limited pupils. This immense class is due in a great measure to the increased number of accredited schools which have been placed on the list. Three additions have been made to the faculty: Professor W. A. Merrill, late of the University of Indiana, will fill the chair in Latin; Rabbi Voorsanger of San Francisco will inaugurate the study of Semitic languages and Professor E. T. A. Miller will give a course in drawing.

The Reliance baseball team will play their first game of the season with the Fruitvale club at the Piedmont grounds. The Reliance team is made up as follows: Bert Oliver, pitcher; J. Langdon, catcher; James Creedy, first base; Joseph Racine, second base; B. Dean, third base; Samuel Knowles, shortstop and captain; T. Cushing, left field; Owens or Bates, center field; and E. Davis, right field.

George H. Maxwell, the attorney, will leave for New York this evening. He goes to meet his wife, who has just returned from Europe.

Among the candidates for the Republican nomination for the office of Public Administrator for this county is ex-Bank Commissioner W. H. Knight. Mr. Knight is an old time resident of this city, widely known, highly respected and a man of varied experience.

The militia, which for about a month has been stationed in the West Oakland railroad yards have been removed. The troops comprised detachments of cavalry, infantry, artillery and naval reserve, numbering about eight men thirty of whom it is estimated have lost their regular positions because of attending to their duties as National Guardsmen. The regular troops under command of Captain Carrington, are still at the broad gauge mole and it is expected they will remain there for at least ten days longer.

## REQUIEM

Under the wide and starry sky,  
Dig the grave and let me lie.  
Glad did I live and gladly die,  
And I laid me down with a will.

This be the verse you grave for me,  
Here he lies where he longed to be,  
Home is the sailor home from sea,  
And the hunter home from the hill.

## FLOWER POT 'COOLERS'

Pierre Lord, an American of French ancestry, has just found that an ordinary red clay flower-pot can be made use of to keep water, butter and other things at refrigerator temperature in tropical climates or the hottest of August days.

While an ordinary flowerpot will do, any sort of clay jars, porous vessels or common unglazed earthenware pots, and receptacles may answer.

All you need to do is to moisten a rag or bag cloth with strong salt water and keep it over the top of the flowerpot. The ends should dip down into a soup dish or basin on which the flowerpot stands. This draining dish must be kept full of water all the time. A dark, cool room, where you would keep an ice cooler or a refrigerator, is a good place to keep the clay jar or pot.

Another way described by C. F. Saunders is to wrap a layer of burlap around a porous jar. The water or butter or what not is put in the jar and it is exposed to a current of air, say on a

train, in deserts, on the baseball field and in the pantries and kitchens of hotels and other places.

A simple little laboratory experiment really confirms the principle behind these practical discoveries. If you take an ordinary bath thermometer and cover it with a moist cloth all you need do to show how the mercury will fall is to fan it, blow gently upon it or stand it at a window crack. The mercury will begin to fall just as it does in January. As you blow the evaporation of the moisture in the cloth goes on and this cools the thermometer.—New York Sun

## HEAVY FIGHTING IS RAGING AT MAZATLAN

### HAMLIN HEADS RESERVE BOARD

Delano of Chicago is Designated for Vice-Governor by President.

WASHINGTON, Aug. 8.—Charles S. Hamlin of Boston has been selected for governor of the Federal Reserve Board and Frederic A. Delano of Chicago has been selected vice-governor. Organization of the Federal Reserve system under the new currency law awaited today the selection of the members of the reserve board. Confirmation of Paul M. Warburg, of New York, and Frederic A. Delano, of Chicago, by the senate completes the new board.

All the members of the board except Mr. Delano are in Washington and indications were that Secretary McAdoo would be able to have the board sworn in today or Monday. The other members are Paul M. Warburg, W. P. G. Harding, of Birmingham; Adolph C. Miller, of San Francisco; Charles S. Hamlin of Boston; and Secretary of the Treasury McAdoo and Comptroller of the Currency Williams as ex-officio members.

Every preparation has been made to get the board to work at once and it is probable that the actual organization and opening of the 12 reserve banks can be arranged within a short time. The only step to be taken before organization can proceed is the selection by the full reserve board of the "class C" directors of the twelve banks. There are three of these for each bank and while there has been no formal conference as to the men to be chosen it is generally understood now that the matter has been under consideration for some time and that the selection will not delay the formal opening long after these directors are chosen. The banks will organize and open for business.

### Issues Auto Order for Yosemite Park

WAWONA, Cal., Aug. 8.—The national park has issued an order that beginning today automobiles will be allowed to enter the park at Glacier Point and Mariposa Big Trees, via Wawona.

### ROBBERED DURING MEAL

SAN FRANCISCO, Aug. 8.—Miss M. Dalton who was arrested this morning for grand larceny by Police-men Nash and Desrosiers, has a grudge against Uncle Sam's new coinage. She had a slight acquaintance with Peter Geanarat of the American Hotel, 718 Broadway street, and accepted his invitation to dine at midnight in a Taylor street restaurant. During the progress of the meal Geanarat declares that she picked his pockets of a \$10 gold piece. He told the police that the coin was the Roosevelt service of 1911. When the waitress searched Miss Dalton the \$10 piece as described was found in her stocking, hence the charge.

### NINE INJURED ON SANTA FE LIMITED AT BAKERSFIELD

BAKERSFIELD, Aug. 8.—Nine persons were placed in the injured list today by officials of the Santa Fe railroad, whose California Limited No. 4, eastbound, was wrecked near Shafter yesterday.

Following is a list of those injured:  
R. H. Wilson, of Atlanta, Ga., contusions of scalp.  
Cus. L. of Pasadena, right leg fractured, back injured.  
Shins scratched.  
O. H. Ford, Wilmington, Del., back slightly hurt.  
Mrs. M. Barrells, San Francisco, arm cut.  
Phil Tish, dining car chef, possible critical injuries.  
J. M. Judd, San Francisco, Pullman conductor, back injured.  
H. W. Jones, waiter, back injured.  
John Peterson, porter, head cut and neck sprained.

### HOME-RULE FETE TO OPEN TONIGHT

Governor Hiram Johnson Will Crown Queen and Lead Grand March.

SAN FRANCISCO, Aug. 8.—Irish clergies in California are at work with interest in the Irish Home Rule Festival that opens tonight in the auditorium at Fillmore and Page streets and continues until the night of August 16.

The feature of tonight's program will be the coronation of the queen, which has been staged for several weeks. The queen contest will end at 11 o'clock. The voters will be counted by a committee of prominent citizens, headed by Rev. Father Joseph P. McGuire, director of the festival. Governor Hiram W. Johnson is making a special trip to this city today to crown the queen and preside over the coronation ceremonies. He will lead the grand march with the queen at the grand ball following.

Following are the aspirants for royal honors in the queen contest: The ballot-box was sealed and placed in the vault of Sacred Heart church last week; Eileen Ford, Edna Kelleher, Margaret, May Glynn and Grace O'Connell.

Nearly every Irish organization in California will participate actively in the various programs of the festival. Delegations of Irishmen and their families from all parts of the State are coming to remain until the fete closes.

Monday night at the festival will be known as "Ulster Catholic Night." Hon. Joseph Scott will be the orator. Appropriate literary and musical program will be rendered and several unique attractions will be staged.

### PROTEST AGAINST USE OF LAND FOR STABLES

Under information that the city of Oakland intends moving its stable onto that portion of filled-in land lying south of the Eighth street bridge and north of the Seventh street Electric Local track, the members of the Women's Auxiliary of the South East Oakland Improvement Club and the citizens of that section of the city have protested against such action in the city. They assert that a stable in any vicinity means flies, rats, bad odors and noise, and that to put stables in this place, in full view of the homes of citizens and to be seen by every person traveling on the Southern and Western Pacific trains, as a background to the beautiful Audion and Lake Merritt, is a disgrace to the city of Oakland.

They also protest against this land being used as a dumping ground for refuse and continuing in the present unsanitary condition.

### CAPT. FREDERICKS TO SPEAK AT MACDONOUGH THEATER

Candidate for Republican Nomination for Governor Will Be Heard Here Tonight

Captain John D. Fredericks, the Republican candidate for the nomination of governor, is expected in this city this afternoon and will speak at the Macdonough theater from 7 o'clock to 8:30 this evening. After the Fredericks address the Kellerman pictures will be shown.

As this will probably be the only meeting which Captain Fredericks will hold in this county a very large gathering is expected.

### MRS. WILSON TO LIE BESIDE PARENTS IN GEORGIA

### CABINET WILL REFRAINERS OF PALL

Members of House and Senate to Attend White House Services.

WASHINGTON, Aug. 8.—The nation, represented by committees from the Senate and House, will pay its final tribute to Mrs. Wilson, wife of the President, at private services in the East Room of the White House on Monday afternoon. Immediately afterward a special train conveying Mrs. Wilson's body, the President's family, several members of the Cabinet and a few friends and relatives, will leave for Rome, Ga., where interment will take place in Myrtle Hill Cemetery on Tuesday afternoon.

With the selection of honorary pallbearers and the naming of the special Senate committee, all arrangements for the funeral were completed today. The House committee consisted of the senior member of each state delegation, Representative Kahn representing California. It practically has been decided that the honorary pallbearers would include the members of the President's cabinet.

Immediately after the interment services in the Little Georgia city where Mrs. Wilson lived for some time and where her father and mother are buried, the President and his party will return to Washington, arriving early Wednesday night.

### TRIBUTES CONTINUE.

Tributes of flowers and messages of sympathy continued today to pour into the White House. Their senders represented all stations in life from foreign rulers to many humble dwellers in the capital who had been humbled by Mrs. Wilson's countless acts of kindness.

The President today attended to business of only the most imperative nature. Although borne down by grief and the anxious vigil of the last two weeks, his physical condition, the physician said, remained good.

E. C. DeLoach, president of the Virginia Federation of Labor, in a telegram to Norfolk, sent this telegram today to Samuel Gompers, head of the American Federation of Labor.

"As a tribute to the memory of the late Mrs. Woodrow Wilson, the Virginia Federation of Labor pledges moral and financial assistance to the nation-wide movement by the American Federation of Labor, having for its object the cleaning out of the slums and bettering housing conditions."

Gompers said the federation always had encouraged such movements, and they would be supported with renewed interest.

The President of France, the President of Cuba, the Duke of Connaught, Governor of Canada, the King of England; Great Britain; Cardinals Gibbons and O'Connell and former Presidents Taft and Roosevelt were among the many prominent men who sent their condolences to the President. Messages were also received from the Governors of all states, from nearly all members of the Senate and House, the Justices of the Supreme Court, American Ambassadors abroad, Government officials and from practically all Ambassadors and Ministers of foreign nations stationed in the United States.

### Nine Men Battle for Lives in Raging Sea

SAN FRANCISCO, Aug. 8.—Captain Secar, his crew of eight men, of the power fishing schooner Zella May battled for their lives in the breakers 10 miles north of Point Arena last night, after their craft had been driven on the reef in the heaviest darkness.

Three of the crew are said to be in a serious condition as the result of exposure and submersion, and in response to a telephone message from Captain Secar, who walked 10 miles to Point Arena, the tug Defiance left here for the scene of the wreck.

The Zella May was close inshore when she was caught in a strong current and thrown to the reef. The men did not have time to launch boats, but plunged into the breakers and saved themselves.

### ST. MARY'S FACULTY CHANGES

### BRO. VELLESIAN AGAIN IS HEAD

Under New Order

St. Mary's College will begin the new semester on Tuesday, August 18, with important changes in the administration. Its students, past and present, will hail with delight the return of Brother Vellesian as president of the college.

Brother Vellesian, who has been called to St. Louis. The presidency of St. Mary's is not new to Brother Vellesian, as he filled that office with great credit to himself from 1905 to 1910. At no previous time in its history did the college achieve such a high state of efficiency and popularity as it did under his wise and able administration. Besides his remarkable ability as a schoolman, Brother Vellesian is widely known for his executive and business abilities.

NEW VICE-PRESIDENT.  
The college is also fortunate in having for its new vice-president Brother Vantesian, head of the department of commerce. Brother Vantesian succeeds Brother V. Leo, who resigned this office owing to his onerous duties as dean of the engineering department. Brother Vantesian will have a capable assistant in the new vice-president, as Brother Vantesian is a man of many accomplishments and of rare ability.

Brother Z. Leo, dean of the department of arts and letters, has obtained a year's leave of absence for the purpose of pursuing research work at the Catholic University of America. His office will be temporarily filled by Brother Constantine, who has a national fame as a lecturer and writer.

The students of St. Mary's will surely rejoice in the return of George Faulkner as football coach. It was Faulkner who brought Rugby to its present high standing at St. Mary's college. Richard Lee, late of the University of California, will replace Otto Rittler as physics instructor.

### Patient Refuses Food and Water Five Days

For the last five days neither food nor drink has passed the lips of Frank McCloud, a patient in the Emergency hospital who was picked up in the street by the police last Monday in an unconscious condition. Dr. E. E. Dowdle, who has been attending him is at a loss to diagnose his condition, but believes that he is suffering from pressure on the brain caused by a blow on the head with a heavy instrument. When brought into the hospital McCloud had a scalp wound on the right side of his skull. At times he has been semiconscious, but he has refused to eat or drink either food or water. The patient is also under arrest on a charge of intoxication, as there was evidence that he had been drinking when he was found by the police. Whether he had fallen or been struck over the head by an enemy or footpad is a question which he has been unable to answer.

According to Dr. Dowdle an operation will be necessary in order to relieve the patient's condition and he was removed to the county infirmary today for further observation. Nothing is known about the patient as none of his friends or relatives, if he has any, have appeared at the hospital. He is about 35 years of age, medium height and the time of his mishap were working clothes.

### YOUNGSTERS INJURED BY MOTORCYCLE RIDER

SAN FRANCISCO, Aug. 8.—Two youngsters crossing Market street hand in hand at 10 o'clock this morning were run down and painfully injured by a motorcycle driven by Foster Macrimonto, an employee of the Cuel Drug Company. A hundred people saw the accident and hurried to the aid of the little fellows who were taken to the central emergency hospital. The lads, Leon Moran, aged 8, and his brother Lester, aged 7, who live at 1000 Broadway street, had just doled a car at Seventh and Market streets and stepped almost in front of Macrimonto's machine. At the hospital it was found that Lester's collar bone was broken and fractured and he had several contusions and abrasions of the knee.

### SWALLOWS POISON BY MISTAKE; IS NEAR DEATH

Taking a bi-iodide of mercury tablet by mistake, thinking it was aspirin, a headache remedy, Mrs. M. Weaver, 625 Forty-second street, had a narrow escape from death last night. The woman, feeling the pains of the poison, investigated the tablet, and then called Dr. George Walton, City and Telegraph avenue. The latter applied antidotes. The woman, while in a serious condition, is expected to live.

### WOMAN WOUNDS ANOTHER

SAN FRANCISCO, Aug. 8.—Occupants of the house at 648 Jackson street thought that the European war had been brought to their doors this morning when Miss Cora Pitts entered and began a quarrel with Miss Ray.

previous dispute. Miss Raymond was so angry, it is alleged, that she drew a knife and proceeded to slash up Miss Pitts, who was wounded on the face and head. Miss Raymond was arrested and charged with assault with a deadly weapon. Miss Pitts went to the hospital.

### FEDERALS BEG CARRANZA TO CEASE

Minister of War in Proclamation Says Kedeis Won Moral Victory.

WASHINGTON, Aug. 8.—The United States made further efforts today to avert the clash of Constitutionalists and the Carral government at Mexico City. Telegram to American Consul Silliman urged him to persuade Carranza to end the civil war.

ON BOARD U. S. S. CALIFORNIA, Mazatlan, Mexico, Aug. 7, (via wireless) San Diego, Cal., Aug. 8.—Heavy fighting here continues. Most of the Federal garrison has now been taken aboard the transports waiting in the harbor to receive them, but the Constitutionalists are doing everything in their power to impede evacuation. The Federal cruiser Guerro, however, is holding their advance in check by her small fire.

### PROCLAMATION TODAY.

MEXICO CITY, Aug. 8.—General Velasco, Minister of War, today will issue a proclamation to the people of the capital defining the position of the Federal army in the present crisis. He will appeal to the Constitutionalists to recognize the army as an institution supporting the legal government, and not as a partisan body. He will maintain his army was loyal to President Madero until Huerta was declared his legal successor.

The proclamation will promise the loyal support of General Velasco to any government the Constitutionalists may establish, providing the transfer be made in accordance with the rights of life and property. It will also state that the Federal government, legal though transitional, is anxious to transfer power to the Constitutionalists, who have won a moral though not military victory.

### Pastor Arrested for Murder of Rich Wife

SPOKANE, Wash., Aug. 8.—The Rev. J. D. Crooks, pastor of the Methodist Episcopal Church, South, at Troy, Idaho, was arrested here yesterday on a fugitive warrant charging him with the murder of his wife, Eliza L., 58 years old. The woman was found dead in her home at Troy a week ago from an overdose of poison. She had considerable means of her own, and her affairs of late years had been handled by her husband, Crooks, 64. He was at one time presiding elder of the Spokane district.

### PANAMA CANAL OPENS IN WEEK FROM TODAY

One week from today, August 15, man's mightiest engineering achievement, the Panama canal will open to the commerce of the world.

Secretary of War Garrison said today in Washington that nothing but an act of God could prevent the opening of the waterway on schedule time.

### SNEAK THIEVES MAKE MANY SMALL HAULS

Burglars and sneak thieves made a haul last night in several Oakland homes. R. D. Rowe, 1603 Market street, reports that his house was entered and a watch and other small articles taken. C. V. Hansen, 4313 Fleming street, reports \$54 worth of jewelry stolen from his home. Mrs. M. K. Commis, 455 Walsworth avenue, reports a set of automobile tools stolen from her machine as it stood last night in front of 1702 East Fifteenth street.

### DIVORCE PAPERS MAY BE CAUSE OF NEW CHARGE

The genuineness of papers in a divorce case declared to have been issued in this county, and now being investigated by Police Inspector Lou Agnew, will decide whether or not Clem E. Payne, now before the Police Court on a charge of failure to provide for his wife and minor child, will also be forced to face a "bigamy" charge. The man, who was arrested at his home, 1203 Eighty-third avenue, was married to a woman, who died in October, 1914.

### DON'T SWAT: GIVE 'EM GAS.

INDEPENDENCE, Kas., Aug. 8.—A gas leak alongside the curb in front of a Main-street residence has inadvertently given the city a hint at

menace value. Along this leak, which extends about 40 feet, is a liver of blue bottle flies from two to three inches deep and three inches to a foot wide. It is estimated there are a half bushel of them. Something about the gas attracts the insects and they are appreciated.

"Honey Cured" Bacon

The famous "Honey Cured" Bacon is the choice of the Broadway Cafeteria.

Why?

Because it's a home product.

Is made from selected stock.

It's cured in a special way by Lewis.

It's mild—excellent flavor—no taste of salt.

Won out by comparison with eastern brands.

In other words, it's QUALITY.

Lewis Market Meats

Why?

Quality and price—the two factors to be considered in buying anything.

No middleman profits in Lewis Market Meats.

Direct from cattlemen to consumer, giving good quality at lower prices.

Large volume of business, too, necessarily makes Lewis Meats worthy of selection.

## Oakland's Excellent Cafeteria Service

1—Interior of the Colonial Cafeteria, 413-417 Thirteenth street.  
2—Interior of the Broadway Cafeteria, 1560 Broadway.  
3—Corner in the Rest Room at the Broadway Cafeteria.

Oakland is unquestionably a very fortunate city in a great many ways. But when the question of places to eat is under consideration Oaklanders who know say: "Oakland is in a class by itself." This is especially true of the Oakland's Cafeterias. The Colonial on Thirteenth street, between Broadway and Franklin, has long been recognized as a place where one can be sure of being served the very best food that money can procure.

The Broadway Cafeteria, located on Broadway next to the Postoffice, also has an enviable record for serving to the public food that is of the quality first-rank.

These two Cafeterias, while alike in many respects, are very different in others. At both Cafeterias cleanliness comes first of all, then the quality of the goods used.

### THE COLONIAL CAFETERIA.

Upon entering the Colonial Cafeteria one is immediately impressed with an air of refinement that is seldom found in restaurants. The ladies who own and manage the Co-

lonial Cafeteria do not leave the details of cooking food entirely to cooks or chefs, but are constantly on the alert to make sure that all employees are preparing food just as it is prepared in the home of the most careful and cautious housewife.

The Colonial Cafeteria was the first real cafeteria to open in Oakland and has been a success from the start. This undoubtedly is due to the fact that the people of Oakland were anxious to take their meals at a place where refinement, comfort, cleanliness and excellent food was dispensed in liberal quantities.

### THE BROADWAY CAFETERIA.

At the Broadway Cafeteria, next to the Postoffice, one will find hundreds of the same people dining day after day at almost the same tables.

Mr. Stone, the owner of the Broadway Cafeteria, has spared no expense in fitting up his cafeteria. Special attention has been given to large automatic metal covers that are used so that all foods that should be kept warm may retain their warmth. Mr.

Stone has provided a spacious rest room for ladies with all of the current magazines, etc., at the disposal of patrons. This is the only rest room of its kind in Oakland, and its popularity is evidenced by the large number of young ladies who daily spend a half hour or more in the Broadway Cafeteria rest room, where many windows give perfect ventilation.

It has been said that music makes one's digestion better and that being true the Broadway has provided Mr. and Mrs. Jacques A. Tillman, whose daily concerts make digestion perfect. Taking into consideration the many splendid features together with free telephone service and an automobile for a prize to one of his patrons, Mr. Stone ranks as one of the highest class of cafeteria men on the coast.

Oakland may well be proud of the two cafeterias shown above; they are a credit to Oakland and are becoming more and more popular every day with the people of Oakland who are most particular about what they eat.

## VALLEJO NEWS

## MARINES SOON TO RETURN TO YARD

Solid Bulkhead Installed on Big Tanker at Mare Island.

MARE ISLAND, Aug. 8.—Mare Island officers expect orders to be issued soon for the marines now camped at San Diego to return to the local station. The men left the Navy Yard several months ago. Hereafter when any recruits arrive on board the receiving ship Intrepid at Mare Island the officers of the vessel have been instructed to notify them that a "retiring" gun is fired at 9 o'clock every night. This order is due to the fact that recruits do not understand the system.

According to Mare Island officials who have visited the Sawyer tract north of the local naval station which is now being reclaimed by the North American Dredging Company very little mud is escaping from the levees into the back bay as the tide weed had a tendency to hold the silt.

A solid bulkhead, all riveted, weighing over 20,000 pounds was delivered at the building ship and hoisted into place on the tanker Maumee yesterday by the Hull Department mechanics.

## NAVAL OFFICER'S WIFE STRANDED IN EUROPE

MARE ISLAND, Aug. 8.—Among those who are reported to be stranded in Europe are Mrs. Louise Menefee and her daughter, Mrs. Martin K. Metcalf, wife of Capt. Metcalf, the commander of the

first torpedo flotilla now at Mare Island. Metcalf is attached to the destroyer Whipple and is greatly worried as the war has been declared. Metcalf was that she and her mother were in Vienna and expected to remain there two weeks. They have a letter of credit, but since this ceased to be honored, Lieutenant Metcalf fears that his wife and mother may be stranded without funds. Mrs. Metcalf is well known in Vallejo, a graduate from the High School there and is also a graduate of the University of California. Metcalf is a relative of former Secretary of the Navy Metcalf.

## MARE ISLAND NOTES

MARE ISLAND, Aug. 8.—Twenty-five shipbuilders' helms and four shipwrights were called today by the Hull Department officers.

It is estimated that it will take the North American dredger about thirty days' time to complete the deepening of the straits on the Mare Island side of the channel.

The cruiser St. Louis is expected to arrive at Mare Island some time next week to have her sixteen boilers retubed.

No more code messages or non-neutral radiograms will be sent to any of the foreign ships in Pacific waters by any of the radio plants on this coast according to an order received at Mare Island yesterday from the Navy Department.

Naval Constructor P. H. Fritz, U. S. N., has resumed his duties at the yard after a visit to Long Beach.

Surgeon W. S. Hoen, U. S. N., has been ordered to temporary duty with the Reserve fleet at Puget Sound.

Acting Dental Surgeon J. D. Halleck, U. S. N., has been detached from the yard and he will join the Maryland now in Mexican waters.

## CALIFORNIA PAYS BILLS WITH CASH

State Treasury on Coin Basis; Roberts Tells of Work.

Sacramento, Aug. 8.—The State Treasury of California is on a strictly coin basis, according to the statement of State Treasurer Roberts yesterday. Confirmation of his interview July 29, in which he said the State had money to loan on the statutory interest arrangement, Roberts says that several banks in various parts of the State have availed themselves of the opportunity and are returning their city and county funds and taking State funds in lieu thereof.

Sacramento, Aug. 8.—The war in Europe will prevent the exhibition at the State Fair here in September of several prize draft horses that were to be shipped from France and Belgium. The horses were being imported by Ruby and Bowlers of Davis, Yolo county, and had been entered at the fair.

Marysville, Aug. 8.—J. H. Taggart, one of the best known citizens and chief engineer of the municipal water works at Wheatland, was arrested in a raid conducted by the State Board of Pharmacy at Wheatland today. He had a large quantity of opium in his possession.

Visalia, Aug. 8.—W. J. MacKinnon, a Three Rivers rancher, met a horrible death at his mountain home when he trapped himself in the house with a piano that he was trying to remove in a hurry and was burned to death. Both legs and arms were burned off when the body was found. MacKinnon had evidently discovered his house in flames and tried to remove the furniture.

Fresno, Aug. 8.—Because his family drank of germ-infected water at the city sewer farm with fatal result to a baby girl, John P. Brown yesterday sued for \$514 damages against the city of Fresno.

Los Angeles, Aug. 8.—Professor Geo. Ellery Hale, director of the Carnegie Solar Observatory at Mount Wilson, will undergo an operation for appendicitis at the Pasadena Hospital.

Mrs. Hale, his wife, who is rushing to his side from New Haven, Conn., is due to arrive in Pasadena today.

Stockton, Aug. 8.—A prominent resident from Congressman Charles F. Curry, stating that the Secretary of War has approved the permits for the proposed new bridges over Old and Middle rivers.

Marysville, Aug. 8.—Growers in Sutter and Yuba counties expect the grape crop

this year to smash all previous records. This will be particularly true of the seedless variety. It is stated that the quality of the fruit will be better than ever. Picking of the grapes will begin within the next few weeks.

## UNKNOWN MAN ROBBED; LEFT DYING IN PARK

SAN FRANCISCO, Aug. 8.—With his pockets turned inside out and with a flash light lantern and a mysterious key with peculiar letters scratched upon it by his side, an unidentified man was found unconscious in Portsmouth Square early this morning by Patrolman Hyland and died at daylight at the central emergency hospital. Evidence points to murder.

It is believed that the man was slugged, robbed and left dying on the grass on the clay street side of the square. When patrolman Hyland came upon the man he was breathing faintly. The officer after sending him to the hospital searched for a clue to his assailant. He discovered a flash light, which had evidently been dropped, and a skeleton key which bore these words: "Married. S. T. 'R' 'Go 3'."

The man's pockets had been robbed. An examination by Dr. Michelson disclosed the fact that he was suffering from cerebral hemorrhage.

The police gathered in several suspects, but were unable to shed any light upon the affair.

The man is described as between 35 and 40 years old, medium height, wears a black mustache and slightly bald.
